- Guided List of Prompts to Get You Dreaming

Alright, girl—let's get real. A vision board isn't just a cute collage; it's a manifestation of your dream life. This board will keep your goals front and center. Choose an aesthetic that matches your energy: boss babe, travel queen, or self-love era. The key? Pick visuals, words, and affirmations that actually ***make you feel something***.

But here's the secret sauce: your vision board works when you do. Visualize your dream life, and take baby steps toward your goals. Speak your dreams into existence—"I am building the most successful version of me." Go make it happen, queen--your dream life is waiting!

Prompts to Get You Started

- What makes you feel your most radiant, confident self?
- What's your dream job, side hustle, or income goal?
- Where do you want to go? What experiences do you crave?
- What does your ideal home, daily routine, or social life look like?
- How do you want to feel in your body? Any fitness goals?
- What habits, thoughts, or affirmations will elevate you?
- What kind of love, relationships and friendships do you want to attract?
- What hobbies or artistic outlets make your soul happy?
- If anything was possible (because it is), what would you be doing?

Now, grab those scissors and start curating the life you envision!!
