# What Solar Brings to Your Business

**Slash Energy Costs** — Save ₹7–₹8 per unit compared to grid electricity.

**Maximize Underutilized Space** — Transform your idle rooftop into a productive power generator

**Quick ROI** — Typical payback within 3, then pure savings.

**Long-Term Asset** — 30+ years of Consistent Power generation Assurance

**Smart Investment** — Lock in energy costs and beat rising electricity tariffs.

**Low Maintenance, High Reliability** — Built to perform year after year

**Sustainability Edge** — Reduce 1.2 tons of CO<sub>2</sub> per kW every year.

**Custom Engineered for Industry** — Scalable, future-ready design for expansion.

## Discover Who We Are

Orbit Solar Energy Systems is a trusted name in delivering end-to-end solar power solutions across India — from design, engineering, and installation to operation & maintenance — helping industries reduce costs and carbon footprint.

## Why Choose ORBIT ?

**Expert Engineering:** Proven EPC capability across India

**Predictable Energy Costs:** Lock in rates for 25+ years

**High ROI:** 3–4 years average payback

**Top-Tier Components:** Tier-1 modules & inverters

**Dedicated Service:** Support and monitoring

## Our Numbers Speak

**100+ MW Installed**

**350+ Projects Delivered**

**20+ Cities Served**

**₹50 Cr+ Savings Generated for Clients**

# Success Stories: Powered by ORBIT

200KW @ Red Rose Group-Hyderabad

Saving ₹30 Lakh+ annually

Turning Farmland into a Source of Power & Profit- An Agrivoltaic Project

680KW @ Schneider Electric India PVT Ltd - MYSORE

₹75 Lakh+ Saved Annually

Reliable power, reduced operational expenses

150 KW @ Dastakari Designs - Hyderabad

₹22 Lakh+ Saved Annually

Fueling creative growth by cutting energy overhead

300 KW @ Srija Polymers-Hyderabad

Saving ₹40 Lakh+ annually

Gaining competitive advantage through lower production costs

1MW @ Visen Industries -Chennai

₹1.2 Cr+ Saved Annually

Monthly savings reinvested in R&D and expansion

550 KW @ IFF Danisco-Hyderabad

₹72 Lakhs + Saved Annually

Achieving sustainability goals while boosting profitability
