

VISUAL EXPORT EMS

India's No.1 Export Management Software

It has always been a problem for Export Companies to have a single software solution that could cater to their multi-faceted export management needs - LC/FIRC monitoring, Buyer Order tracking, Documentation and Shipment reporting in a user-friendly and comprehensive manner.

Some of the softwares do not provide enough features while the others are so tedious and difficult to use that they are rarely implemented. Still all of these come with high price tags.

At Softpro Application Systems, our efforts have been totally dedicated towards developing the best software solutions for the export industry. This concentrated approach and years of hard work brings to you gems in the Export Management series - VISUAL EXPORT EMS softwares.

❑ BUYER ORDER MANAGEMENT

- L/C, FIRC, Buyer Order, Order Despatch.
Users can feed in details, print or email these documents and can have reports based on them
- Full LCs / Utilized LCs report
- Expired LCs / Balance LCs report
- Buyer Order reports - detailed and summarized
- Pending Order reports - detailed and summarized
- One Order - full and pending details
- Buyer Item status- full and pending details
- Value wise Order status
- Buyer Ledger etc.

❑ EXPORT DOCUMENTATION

- Proforma with any no. of Continuation Sheets
- Invoice with any no. of Continuation Sheets
- Packing List with any no. of Continuation Sheets
- Special Customs Invoice USA(VISA)
- Canada Customs Invoice
- GSP Certificate
- Certificate of Origin PHD Chamber
- Bank Certificate of Export and Realization
- Bill of Exchange
- Letter to Bank for Collection of documents
- Shipping Bills - Manual and White Shipping Bill
- Form SDF / GR Form (as applicable)
- Advance Cargo Declaration
- New Non-Preferential Certificate of Origin
- Shipping Instruction / Mate Receipt
- Bill of Lading
- Shipment Advice
- Duty DBK related formats
- Latest Export Promotion Council Annexures including that of AEPC, TEXPROCIL, SILK BOARD, SRTEPC & other Councils
- Single/Multiple Country Declaration

❑ SHIPMENT REPORTS

- Period wise / Exporter wise / Exporter-Buyer wise / Exporter-Country wise / Exporter-Currency wise / Buyer wise / Country wise / Currency wise / Type of Shipment (FOB/C&F/CIF) wise Shipment Reports

❑ DUTY DBK REPORTS

Drawback Received and Due statements

❑ PAYMENT STATUS REPORTS

Buyer wise / Currency wise / Invoice wise payment status reports.

❑ VERSATILE DOCUMENT MAKER

(This is a POWER IN YOUR HANDS feature)

It helps you to design your own documents or change existing ones as per requirement. Inside the document you can place text, lines, boxes, fonts, menus etc. This facility allows you to computerize any export document or annexure within minutes without any programming.

❑ ADVANCED REPORT DESIGNER

(This is a POWER IN YOUR HANDS feature)

Design your own reports as per requirement. Give report conditions, define report columns and sort order, automatically total up required columns and save the report parameters permanently. After that, just click on the report name to open up the desired report whenever it is required.

❑ AUTO MIS

The software automatically creates a report on daily basis about the LCs which are nearing expiry date, pending Buyer Orders whose last date of shipment is approaching etc.

❑ EMAIL FACILITY FOR DOCUMENTS

To send Proforma Invoice, Invoice, Packing List etc. over E-mail as **MS-Word/MS-Excel** file attachments. Highly useful and a must facility for export companies.

...besides a host of other useful documents and reports.

FEATURES

❑ **COMPREHENSIVE AND PRACTICAL APPROACH**

The software adopts a thoroughly practical approach with respect to computerization of various aspects of export business like LC/FIRC, Buyer Order management, Export Documentation, Duty DBK management etc. ensuring easier interaction and adaptability with the existing systems.

❑ **EASY TO USE WORKING**

VISUAL EXPORT EMS has a complete menu-driven functioning with masters appearing on their own in the form of menus wherever needed. It also has on-line help available throughout the software.

❑ **FLEXIBLE OPERATION**

The software allows its users to set up their own parameters like Data-backup path, passwords, no. of decimal places in Qty/Rate columns, grouping of documents, setting up various user-defined fields and parameters etc making it a very flexible software.

❑ **MULTI-SUPPORT PRINTING**

The software allows its users to take print-outs on both pre-printed as well as plain stationery as required. It supports wide range of printers including Dot Matrix, Laserjets, Inkjets, Bubblejets, Officejets, All-in-ones etc. Users can also opt for a print-preview before printing the document.

❑ **VERSATILE REPORTING**

The software provides hundreds of automatically generated MIS Reports covering all the aspects of export management. All the reports are available in multiple sort options and in summarized and detailed formats. The user can either view them on screen or direct them to the printer for a hard copy.

❑ **AUTOMATIC DATA PROTECTION**

The software has an in-built data-backup facility which backs up entire data to any specified location on a regular basis and maintains multiple copies of it to prevent data loss due to corruption, virus attack, hard-disk problem etc.

❑ **INTEGRATED CBM / VOL. WT. CALCULATOR & CONVERSION TABLE**

The software has an in-built CBM/Vol. Wt. Calculator inter-linked to the Packing List / Invoice to calculate and place CBM/Vol. Wt. / CFT / SFT etc. as per requirement. It also has a Conversion Table for important unit conversions.

❑ **FACILITY TO INCLUDE SIGNATURE IN DOCUMENTS**

Users can include their scanned signatures into documents like Invoice, Packing List etc and print and/or email them.

ExportEMS

The right Software for exporters

VISUAL EXPORT EMS is well-established in the export sector with hundreds of existing users all over India including large Export Oriented Units and Corporates who are the best testimonial to the excellent standards and quality of the software.

The Users of the software range from small individual export traders right through to large multi-nationals. Because the software is adaptable and available in modular versions, it is appropriate and cost-effective right across wide spectrum of user type and size.

Here are the comments of some of our valuable customers :

"I have been using **VISUAL EXPORT EMS** for over five years now... a very good software for Export management..."

Mr. Man Singh, GIVO Limited

"Having an interest in computers, I had seen many export softwares for my business. **VISUAL EXPORT EMS** is surely the best among them all and available at a very reasonable cost."

Mr. Vinod Anand, MD, Crown Gaskets 100% EOU

"We are using the **VISUAL EXPORT EMS** software for the last five years. It is very useful and time saving."

Mr Pradeep, Documentation Incharge, Oriental Apparels

"We had bought a local customized software for over one lac rupees. Then we used **VISUAL EXPORT EMS** - much better than our previous software and at a far lesser price. Now we use **VISUAL EXPORT EMS**...."

Mr Ravinder, Infinity Exports

.... It is a flexible and very practical software. In our company we use two softwares the most- the general accounting software and **VISUAL EXPORT EMS**...."

Mr Madan, Export Manager, Asian Handicrafts

"**VISUAL EXPORT EMS** is very easy to use and a good software too...."

Mr Sundram, Export Manager, Heirloom Collections Pvt Ltd

"... saves a lot of time..... a good choice overall....."

Mr Shailesh, Super House Leathers Ltd.

"I have been using **VISUAL EXPORT EMS** for a long time now. I very much recommend it."
