ABOUT NIDO

NIDO Animation Studio is an independent creative studio based in Lima, Peru, dedicated to producing engaging 2D animation, character design and visual storytelling for children's media.

We believe every great story begins with curiosity. That's why we help creators, educators and brands transform ideas into memorable visual experiences that entertain, educate and inspire young audiences.

Our team combines illustration, animation and creative development to craft original content for YouTube channels, educational platforms, children's books and digital experiences.

Every project is approached with creativity, clear communication and a genuine passion for meaningful storytelling.

WHAT WE CREATE

Every great project begins with an idea. Whether you're launching a YouTube channel, developing an educational platform, publishing a children's book or building an original IP, NIDO Animation Studio helps transform creative concepts into engaging visual experiences.

From character design and illustration to 2D animation and visual storytelling, we create content that entertains, educates and inspires young audiences with creativity, clarity and purpose.
