

# Reparations

## For Afro-Americans

### THE MANSA OPERATION

#### Empowering African Americans Through Crypto-Driven Wealth Creation

The Mansa Operation is a revolutionary reparations initiative powered by blockchain and the One4AllCoin (O4ACz).

Inspired by the legendary emperor **Mansa Musa – The Wealthiest Man in History** – this operation distributes One4AllCoin (O4ACz) cryptocurrency as modern reparations., this operation aims to restore economic balance and build sustainable generational wealth for 40 million African Americans.

#### Key Highlights:

\$1 Million O4ACz Tokens allocated to each eligible African American citizen

Total Value: \$40 trillion(USD) tokens distributed as reparations

Crypto Reserve Model: Backed by profit-generating crypto operations

Fixed 1:1 Exchange Value: 1 O4ACz equals one unit of any fiat currency

Economic Value Per Person: **\$1,000,000** worth of usable, stable digital currency

AI Automation: Ensures smart reserve management, scalability, and transparency

Decentralized Access: Available without banks or gatekeepers

#### Benefits of this initiative include:

- Community-owned financial ecosystem
- Wealth creation and passive income
- Support for Black-owned businesses
- Reduction of generational poverty
- Economic sovereignty and empowerment

**This is NOT a  
Government  
Program**

**This is NOT a  
Government  
Program**

#### WHY SUPPORT MATTERS:

- Reverses centuries of systemic economic exclusion
- Builds community-owned financial ecosystems
- Introduces a scalable model for decentralized reparations worldwide
