

# CYLINDER SINGLE STAND HIGH SPEED UV PRINTER

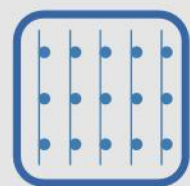

MyCOLOR

## Main Features

- Silent high-precision HIWIN guide rail
- Negative pressure ink supply system
- Supports printing of various diameters
- UV LED Water Cooling System

## Product characteristics

Precision

High Durability

High Resolution

Support For  
Grey Scale

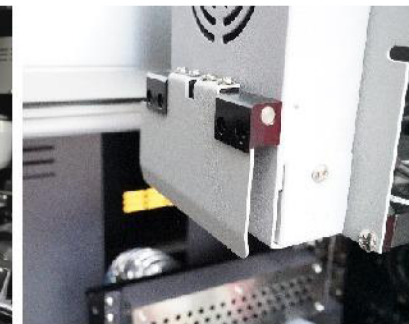

## Application

## Product Features

Silent high-precision  
HIWIN guide rail

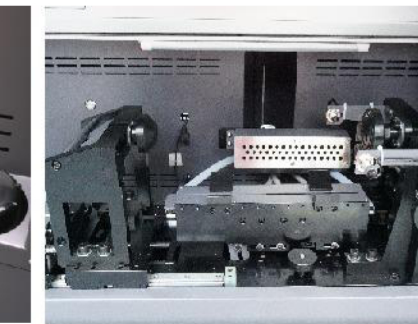

Anti-collision device

UV LED Water  
Cooling System

Negative pressure ink  
supply system

Supports printing of  
various diameters

## Technical parameter

Machine	Cylinder Single Stand High Speed UV Printer
Print head	Epson i1600*2/4
Print D&H	D:400-130(mm) H:260(mm) Cylinder/cone/sphere etc.
Printing resolution	600*1200dpi 600*1800dpi
Ink	C M Y K+W+V
UV curing system	LED lamp water chiller
RIP software	RIIN/Flexi
Power	3500W
Weight	400KG
Machine size	150*100*138cm
