- What is the Black student graduation rate? _____

- How many Black faculty members teach in my child's major?

- How does the school respond to racial bias incidents?

- What mental health resources exist specifically for students of color?

- Where do Black students gather socially? _____

- What support exists for first-generation students?

- How many Black students are in the honors program, research labs, or leadership roles?

If a school cannot answer these questions clearly, that is your answer.
