ANTI MONEY LAUNDERING POLICY

1. INTRODUCTION TO AML

The Directives as outlined below provide a general background and summary of the main provisions of the applicable anti-money laundering and anti-terrorist financing legislations in India. They also provide guidance on the practical implications of the Prevention of Money Laundering Act, 2002 (**PMLA**). The Directives also set out the steps that a registered intermediary or its representatives shall implement to discourage and to identify any money laundering or terrorist financing activities.

These Directives are intended for use primarily by intermediaries registered under Section 12 of the Securities and Exchange Board of India Act, 1992 (**SEBI Act**), **Act**), Stock Exchanges, Depositories and other recognized entities under the SEBI Act and Regulations and rules there under. While it is recognized that a “one- size-fits-all” approach may not be appropriate for the securities industry in India, each registered intermediary shall consider the specific nature of its business, organizational structure, type of clients and transactions, etc. when implementing the suggested measures and procedures to ensure that they are effectively applied. The overriding principle is that they shall be able to satisfy themselves that the measures taken by them are adequate, appropriate and abide by the spirit of such measures and the requirements as enshrined in the PMLA.

2. BACKGROUND

This Policy has been framed by Ravi Bhatt. (“Ravi Bhatt/RA”)in order to comply with the applicable Anti Money Laundering (AML) Standards/ Combating the Financing of Terrorism (CFT) /Obligations of Securities Market Intermediaries under the Prevention of Money Laundering Act, 2002 and Pursuant to the recommendations made by the Financial Action Task Force on anti-money laundering standards, SEBI had issued the Guidelines on Anti Money Laundering Standards vide their notification No.ISD/CIR/RR/AML/1/06 dated 18th January 2006, vide Circular No.ISD/CIR/RR/AML/2/06 dated 20th March 2006 vide letter No. ISD/AML/CIR-1/2008 dated December 19, 2008, vide Circular No. ISD/AML/CIR-1/2009 dated September 01, 2009, Vide Circular No. ISD/AML/CIR-2/2009 date October 23,2009, vide Circular CIR/ISD/AML/3/2010 dated December 31, 2010, vide Circular No. ISD/AML/CIR-1/2010 dated February 2010, vide Circular number CIR/MIRSD/11/2014 dated March 12th, 2014, vide Circular SEBI/HO/MIRSD/DOS3/CIR/P/2018/104 dated July 04th, 2018, vide Circular No. SEBI/HO/MIRSD/DOP/CIR/P2019/113 dated October 15, 2019, vide Circular No. SEBI/HO/MIRSD/MIRSD-SEC-5/P/CIR/2023/022 dated February 03, 2023 and vide Circular No. SEBI/HO/MIRSD/MIRSDSECFATF/P/CIR/2023/091 dated June 16, 2023 had issued the obligations of the intermediaries registered under Section 12 of SEBI Act, 1992. As per these SEBI guidelines, **Ravi Bhatt** have ensured that proper policy frameworks are put in place as per the Guidelines on Anti Money Laundering Standards notified by SEBI.

As per the provisions of PMLA and the Prevention of Money-Laundering (Maintenance of Records) Rules, 2005 (Maintenance of Records Rules), as amended from time to time and notified by the Government of India, every reporting entity (which includes intermediaries registered under section 12 of the SEBI Act, i.e. a stock-broker, share transfer agent, banker to an issue, trustee to a trust deed, registrar to an issue, asset management company, depository participant, merchant banker, portfolio manager, investment adviser and any other intermediary associated with the securities market and registered under Section 12 of the SEBI Act and stock exchanges), shall have

It also mandates the reporting entities to evolve an internal mechanism having regard to any guidelines issued by the regulator for detecting the transactions specified in the Maintenance of Records Rules and for furnishing information thereof, in such form as may be directed by SEBI.

The PMLA inter alia provides that violating the prohibitions on manipulative and deceptive devices, insider trading and substantial acquisition of securities or control as provided in Section 12A read with Section 24 of the SEBI Act will be treated as a scheduled offence under schedule B of the PMLA.

3. POLICIES AND PROCEDURES TO COMBAT MONEY LAUNDERING AND TERRORIST FINANCING

3.1 ESSENTIAL PRINCIPLES:

These Directives have taken into account the requirements of the PMLA as applicable to the intermediaries registered under Section 12 of the SEBI Act. The detailed Directives in Section II have outlined relevant measures and procedures to guide the registered intermediaries in preventing ML and TF. Some of these suggested measures and procedures may not be applicable in every circumstance. Each intermediary shall consider carefully the specific nature of its business, organizational structure, type of client and transaction, etc. to satisfy itself that the measures taken by it are adequate and appropriate and follow the spirit of the suggested measures in Section II and the requirements as laid down in the PMLA and guidelines issued by the Government of India from time to time.

In case there is a variance in Client Due Diligence (CDD)/ Anti Money Laundering (AML) standards specified by SEBI and the regulators of the host country, branches/overseas subsidiaries of registered intermediaries are required to adopt the more stringent requirements of the two. If the host country does not permit the proper implementation of AML/CFT measures consistent with the home country requirements, financial groups shall be required to apply appropriate additional measures to manage the ML/TF risks, and inform SEBI.

3.2 OBLIGATION TO ESTABLISH POLICIES AND PROCEDURES:

3.2.1 Global measures taken to combat drug trafficking, terrorism and other organized and serious crimes have all emphasized the need for financial institutions, including securities market intermediaries, to establish internal procedures that effectively serve to prevent and impede money laundering and terrorist financing. The PMLA is in line with these measures and mandates that all intermediaries ensure the fulfillment of the aforementioned obligations.

- a. "group" shall have the same meaning assigned to it in clause (c) of sub-rule (1) of rule 2 of the Prevention of Money-laundering (Maintenance of Records) Rules, 2005 as amended from time to time."
- b. Financial groups shall be required to implement group wide programmes for dealing with ML/TF, which shall be applicable, and appropriate to, all branches and majority owned subsidiaries of the financial group as under:

 - II. the provision, at group level compliance, audit, and/or AML/CFT functions, of customer, account, and transaction information from branches and subsidiaries when necessary for AML/CFT purposes. This shall include information and analysis of transactions or activities which appear unusual (if such analysis was done); similar provisions for receipt of such information by branches and subsidiaries from these group level functions when relevant and appropriate to risk management; and
 - III. adequate safeguards on the confidentiality and use of information exchanged, including safeguards to prevent tipping-off.

3.2.2 To be in compliance with these obligations, the senior management shall be fully committed to establishing appropriate policies and procedures for the prevention of ML and TF and ensuring their effectiveness and compliance with all relevant legal and regulatory requirements. We shall:

- a. issue a statement of policies and procedures and implement, on a group basis where applicable, for dealing with ML and TF reflecting the current statutory and regulatory requirements
- b. ensure that the content of these Directives are understood by all staff members
- c. regularly review the policies and procedures on the prevention of ML and TF to ensure their effectiveness. Further, in order to ensure the effectiveness of policies and procedures, the person doing such a review shall be different from the one who has framed such policies and procedures
- d. adopt client acceptance policies and procedures which are sensitive to the risk of ML and TF
- e. undertake client due diligence ("CDD") measures to an extent that is sensitive to the risk of ML and TF depending on the type of client, business relationship or transaction
- f. have in system a place for identifying, monitoring and reporting suspected ML or TF transactions to the law enforcement authorities; and
- g. develop staff members' awareness and vigilance to guard against ML and TF

3.2.3 Policies and procedures to combat ML shall cover:

- a. Communication of group policies relating to prevention of ML and TF to all management and relevant staff that handle account information, securities transactions, money and client records etc. whether in branches, departments or subsidiaries;
- b. Client acceptance policy and client due diligence measures, including requirements for proper identification;
- c. Maintenance of records;

- g. The internal audit function shall be independent, adequately resourced and commensurate with the size of the business and operations, organization structure, number of clients and other such factors

The purpose of this document is to guide all the employees of Ravi Bhatt and employees of its associates on the steps that they are required to take and implement to prevent and identify any money laundering or terrorist financing activities. It shall be the responsibility of each of the concerned employees that they should be able to satisfy themselves that the measures taken by them are adequate, appropriate and follow the spirit of these measures and the requirements as enshrined in the "Prevention of Money Laundering Act, 2002".

Some of these suggested measures may not be applicable to every circumstance or to each department, Branch / Sub-broker. However, each entity should consider carefully the specific nature of its business, type of customer and transaction to satisfy itself that the measures taken by the employees are adequate and appropriate to follow the spirit of these guidelines.

5. CLIENT ACCEPTANCE POLICY

Client acceptance policies and procedures aim to identify the types of clients that are likely to pose a higher than average risk of ML or TF. To apply client due diligence on a risk sensitive basis depends on the type of client business relationship or transaction. The following safeguards shall be followed by the company while accepting the clients

- No account opened of or keeping any anonymous account or account in fictitious names or account on behalf of other persons whose identity has not been disclosed or cannot be verified
- Factors of risk perception (in terms of monitoring suspicious transactions) of the client shall be defined having regard to clients’ location (registered office address, correspondence addresses and other addresses if applicable), nature of business activity, trading turnover etc. and manner of making payment for transactions undertaken. The parameters shall enable classification of clients into low, medium and high risk. Clients of special category (as given below) may, if necessary, be classified even higher. Such clients require higher degree of due diligence and regular update of Know Your Client (**KYC**) profile.
- Undertaking enhanced due diligence measures as applicable for Clients of Special Category (CSC). CSC shall include the following:

NRIs, HNIs, Trust, Charities, NGOs, Organization receiving donation, Politically Exposed Persons (PEP) shall have the same meaning as given in clause (db) of sub-rule (1) of rule 2 of the Prevention of Money-Laundering (Maintenance of Records) Rules, 2005. Recommendations, published by the FATF on its website (www.fatf-gafi.org), we shall also independently access and consider other publicly available information along with any other information which they may have access to. However, this shall not preclude registered intermediaries from entering into legitimate transactions with clients from or situate in such high risk countries and geographic areas or delivery of services through such high risk countries or geographic areas;

- Documentation requirements and other information to be collected in respect of different classes of clients shall depend on the perceived risk and having regard to the requirements of Rule 9 of the PML Rules, Directives and Circulars issued by SEBI from time to time.
- To ensure that an account is not opened where the company is unable to apply appropriate CDD measures/ KYC policies. It shall apply in cases where it is not possible to ascertain the identity of the client, or the information provided to the intermediary is suspected to be non - genuine, or there is perceived non - co-operation of the client in providing full and complete information. In such a case, the company shall continue to do business with such a person and file a suspicious activity report. The company shall also evaluate whether there is suspicious trading in determining whether to freeze or close the account. A cautious step shall be taken to ensure that we do not return securities of money that may be from suspicious trades. The Company shall consult the relevant authorities in determining what action shall be taken when suspicious trading is suspected.
- The circumstances under which the client is permitted to act on behalf of another person / entity shall be clearly laid down. It shall be specified in what manner the account shall be operated, transaction limits for the operation, additional authority required for transactions exceeding a specified quantity/value and other appropriate details. Adequate verification of a person's authority to act on behalf of the client shall also be carried out.
- **Do not accept clients with identity matching with a person known to have criminal background:** To check whether the client's identity matches with any person known to be having criminal background or is not banned in any other manner, whether in terms of criminal or civil proceedings by any enforcement/regulatory agency worldwide.

6. CLIENT IDENTIFICATION PROCEDURE:

The procedure shall include

- a. To put in place appropriate risk management systems to determine whether the client or potential client or the beneficial owner of such client is a politically exposed person. Such procedures shall include seeking relevant information from the client, referring to publicly available information or accessing the commercial electronic databases of PEPS.

- b.** Senior management approval shall be obtained for establishing business relationships with PEPs. Where a client has been accepted and the client or beneficial owner is subsequently found to be, or subsequently becomes a PEP, senior management approval to be obtained to continue the business relationship.
- c.** Reasonable measures to be taken to verify the sources of funds as well as the wealth of clients and beneficial owners identified as PEP.
- d.** The client shall be identified by using reliable sources including documents / information. Adequate information shall be obtained to satisfactorily establish the identity of each new client and the purpose of the intended nature of the relationship.
- e.** Adequate information shall be kept so as to satisfy competent authorities (regulatory / enforcement authorities) in future that due diligence was observed by the company in compliance with these directives. Each original document shall be seen prior to acceptance of a copy.
- f.** Failure by prospective client to provide satisfactory evidence of identity shall be noted and reported to the higher authority / Senior Management.

An ongoing due diligence shall be conducted where inconsistencies in the information provided by the client has been identified. The underlying objective shall be to follow the requirements preserved in the PMLA, SEBI Act and Regulations, directives and circulars issued, so as to be aware of the clients on whose behalf the company is dealing.

It may be noted that irrespective of the amount of investment made by clients, no minimum threshold or exemption is available from obtaining the minimum information/documents from clients as stipulated in the PML Rules/ SEBI Circulars (as amended from time to time) regarding the verification of the records of the identity of clients. Further no exemption from carrying out CDD exists in respect of any category of clients. In other words, there shall be no minimum investment threshold/ category-wise exemption available for carrying out CDD measures.

7. RELIANCE ON THIRD PARTY FOR CARRYING OUT CLIENT DUE DILIGENCE

Reliance may be placed on a third party for the purpose of (a) identification and verification of the identity of a client and (b) determination of whether the client is acting on behalf of a beneficial owner, identification of the beneficial owner and verification of the identity of the beneficial owner. Such third party shall be regulated, supervised or monitored for, and have measures in place for compliance with CDD and record-keeping requirements in line with the obligations under the PML Act.

Such reliance shall be subject to condition that are specified in rule 9(2) of the PML Rules and further in line with the regulations and circular / guidelines as may be issued by SEBI from time to time. In terms of Rule 9(2) of PML Rules:

- a) The registered intermediary shall immediately obtain necessary information of such client due diligence carried out by the third party;
- b) The registered intermediary shall take adequate steps to satisfy itself that copies of identification data and other relevant documentation relating to the client due diligence requirements will be made available from the third party upon request without delay;
- c) The registered intermediary shall be satisfied that such third party is regulated, supervised or monitored for, and has measures in place for compliance with client due diligence and record-keeping requirements in line with the requirements and obligations under the Act;
- d) The third party is not based in a country or jurisdiction assessed as high risk;

8. RISK – BASED APPROACH:

- a) Risk Based Approach (RBA) will be applied for mitigation and management of the identified risk and should have policies approved by their senior management, controls and procedures in this regard. Further, same will be monitored on the implementation of the controls and enhance them if necessary.
- b) It is generally recognized that certain clients may be of a higher or lower risk category depending on the circumstances such as the client's background, type of business relationship or transaction etc. As such, each of the clients due diligence measures on a risk sensitive basis shall be applied. The basic principle preserved in this approach is that an enhanced client due diligence process shall be adopted for higher risk categories of clients. Conversely, a simplified client due diligence process may be adopted for lower risk categories of clients. In line with the risk-based approach, the type and amount of identification information and documents that shall be obtained necessarily would depend on the risk category of a particular client.
- c) Further, low risk provisions shall not be applied when there are suspicions of ML/FT or when other factors give rise to a belief that the customer does not in fact pose a low risk.

RISK ASSESSMENT:

- Risk assessment to be carried out to identify, assess and take effective measures to mitigate money laundering and terrorist financing risk with respect to clients, countries or geographical areas, nature and volume of transactions, payment methods used by clients, etc.
- The risk assessment carried out shall also consider all the relevant risk factors before determining the level of overall risk and the appropriate level and type of mitigation to be applied. The assessment shall be documented, updated regularly and made available to competent authorities and self-regulating bodies, as and when required by them.
- We shall identify and assess the ML/TF risks that may arise in relation to the development of new products and new business practices, including new delivery mechanisms, and the use of new or developing technologies for both new and existing products.

- We shall ensure: To undertake the ML/TF risk assessments prior to the launch or use of such products, practices, services, technologies; and Adoption of a risk based approach to manage and mitigate the risks”.
- The risk assessment shall also take into account any country specific information that is circulated by the Government of India and SEBI from time to time, as well as, the updated list of individuals and entities who are subjected to sanction measures as required under the various United Nations' Security Council Resolutions.

9. MONITORING OF TRANSACTIONS:

Regular monitoring of transactions is vital for ensuring effectiveness of the AML procedures. This is possible only if the intermediary has an understanding of the normal activity of the client so that it can identify deviations in transactions/ activities.

Special attention shall be paid to all complex unusually large transactions / patterns which appear to have no economic purpose. Internal threshold limits for each class of client accounts shall be defined and special attention shall be paid to transactions which exceeds these limits.

The background including all documents/office records /memorandums/clarifications sought pertaining to such transactions and purpose thereof shall also be examined carefully and findings shall be recorded in writing. Further such findings, records and related documents shall be made available to auditors and also to SEBI/stock exchanges/FIUIND/ other relevant Authorities, during audit, inspection or as and when required.

Client due diligence measures shall also applied to existing clients on the basis of materiality and risk, and due diligence will be conducted on such existing relationships appropriately. The extent of monitoring shall be aligned with the risk category of the client.

Record of the transactions in terms of Section 12 of the PMLA shall be preserved and those transactions of a suspicious nature or any other transactions notified under Section 12 of the Act shall be reported to the Director, FIU-IND. Suspicious transactions shall be regularly reported to the Senior Management.

These measures may include a further enhanced scrutiny of transactions, enhanced relevant reporting mechanisms or systematic reporting of financial transactions, and applying enhanced due diligence while expanding business relationships with the identified country or persons in that country etc.
