

# Who We Are

## Nemo Business Consultancy (NBC)

نمو لاستشارات الاعمال

NBC is a business services company dedicated to providing company establishment and business services in UK, USA, Saudi Arabia, UAE, Egypt, Sudan. Our firm was established by International professionals with backgrounds in the legal and business sectors to fill a growing demand by foreign and local investors for high-quality, professional, and cost-efficient business services. Thanks to our deep roots in Saudi Arabia, Sudan, Egypt, UAE, Qatar

## WHAT WE DO

Your company's success is our highest priority and the limitless support that you will get throughout the initial stages of your company formation has been designed to give you the most optimized route to the global market imaginable.

## HOW WE DO

@NBC is committed to providing high-quality services to our clients. Employing a multi-lingual and multi-cultural staff of company formation experts, NBC prides itself on being able to offer clear and professional advice to every corner of the world.

### Core Services: Company Establishment & Business Services

- **Company Establishment:** This is a primary service, assisting clients with the process of setting up new companies in various international locations.
- **Business Services:** Beyond initial establishment, NBC provides a suite of ongoing services to support businesses in their operations.

### Specific Areas of Expertise & Support:

- **Company Formation:** This is explicitly mentioned as a key area, indicating their expertise in the legal and administrative processes of forming companies.
- **Contracts:** Assistance with various types of business contracts.
- **Intellectual Property:** Support and guidance related to intellectual property matters.
- **Corporate Governance:** Services aimed at ensuring good corporate governance practices.
- **Business Management Consultancy:** Providing professional advice and guidance on managing businesses effectively.

#### Value-Added Services & Approach:

- **Optimized Route to Global Market:** They aim to provide the most efficient and effective path for companies to enter the global market, particularly through their "limitless support" during initial formation.
- **High-Quality, Professional, and Cost-Efficient Services:** NBC emphasizes the delivery of services that meet high standards of quality and professionalism while also being cost-effective.
- **Clear and Professional Advice:** They pride themselves on offering understandable and expert advice to clients worldwide.
- **Multi-Lingual and Multi-Cultural Staff:** This facilitates effective communication and understanding of diverse client needs and international business environments.
- **Free Consultation:** They offer initial free consultations to prospective clients, indicating a client-centric approach.

#### Geographic Coverage (for Company Establishment & Business Services):

- **Primary Focus Regions:** Saudi Arabia, UAE, Egypt, Sudan.
- **Additional International Presence:** UK, USA.
- **Broader Middle East Coverage (for advice/consultancy):** Kuwait, Bahrain, Oman, Qatar.

In essence, NBC positions itself as a crucial partner for foreign and local investors seeking to establish and manage businesses, particularly within the Middle East and select international markets, by providing expert guidance from company inception through ongoing operational support.
