SAY NO TO SLOW

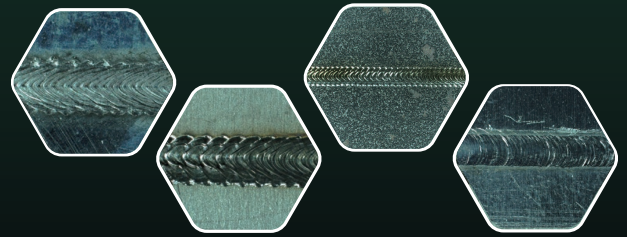

-

SAVE MONEY. WELD BETTER.

IS IT FOR YOU?

THE MA1-35 IS THE ANSWER YOU'VE BEEN LOOKING FOR IF YOU:

- weld HVAC panels
- do architectural metal manufacturing
- weld metal furniture & enclosures
- do custom fabrication
- are a sheet metal contractor
- weld any metal up to 3.5mm

It has the ability to weld at a max depth of 3.5mm making it the go to for thin sheet metal welding. It is a compact welding machine that is lightweight, powerful, easy to use and ultra portable. Only requiring 220V/16A to start welding. Making it perfect for mobile jobs and tight workspaces.

WHY SWITCH TO LASER?

- Weld up to **10x faster** than TIG
- **Cleaner** joints, Less heat, less distortion
- Less consumables waste = **fewer costs**

WHY THEO?

- **THEO Academy**: your go-to resource for laser welding safety knowledge
- Local **Service and Support** from our Partners
- **2 year** warranty
