ABOUT US

Kitchen Sense was founded by two people who believe that a home should be designed with intention, precision, and care.

Kanal, an interior designer, leads every project with a strong focus on space, flow, and how families truly live in their homes. Harsh brings a background in business and manufacturing, overseeing production, quality, and execution through our in-house facility.

Proudly based in Bright, Ontario, all our cabinetry and millwork is made in Canada. At Kitchen Sense, we don't just build cabinets—we build trust.

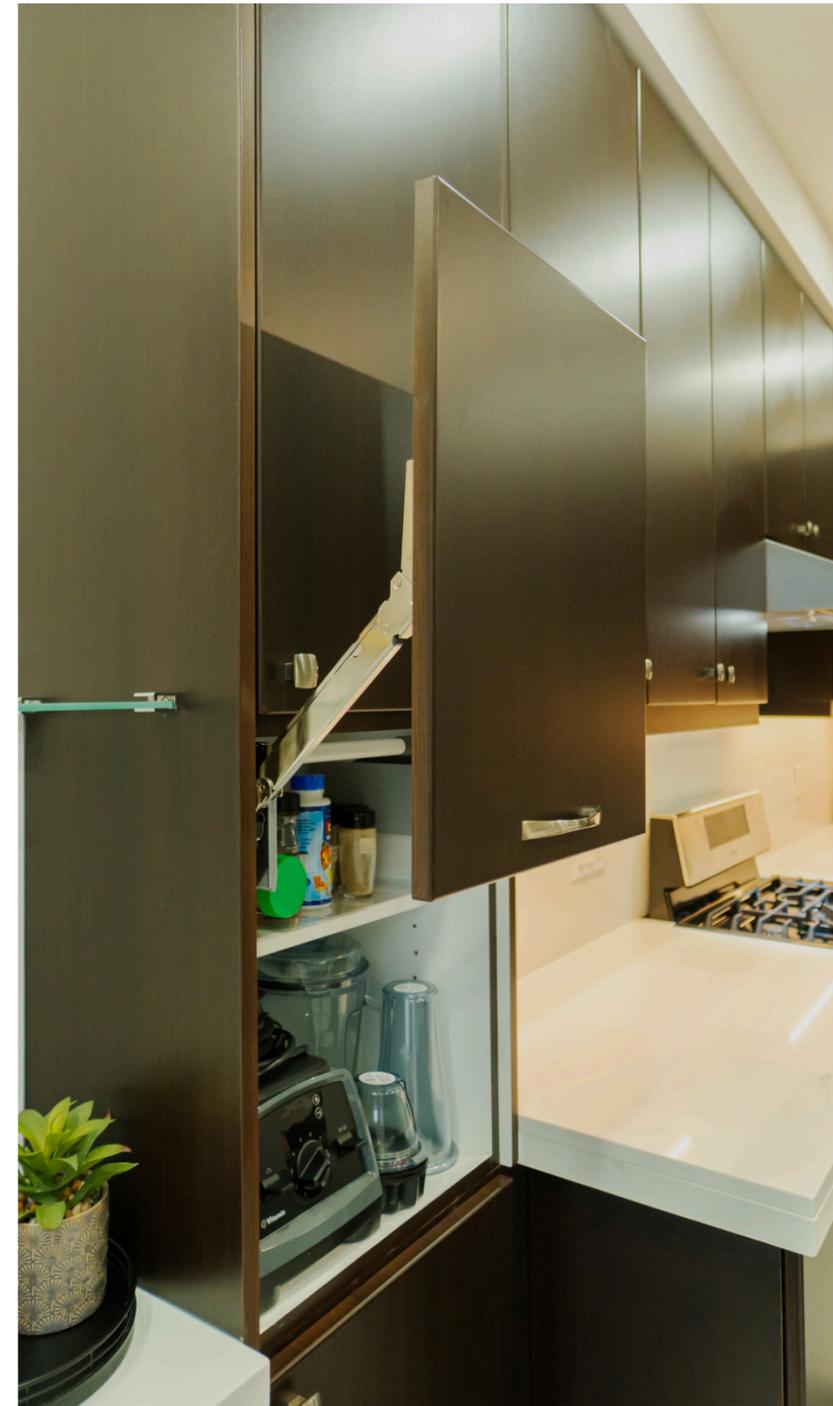

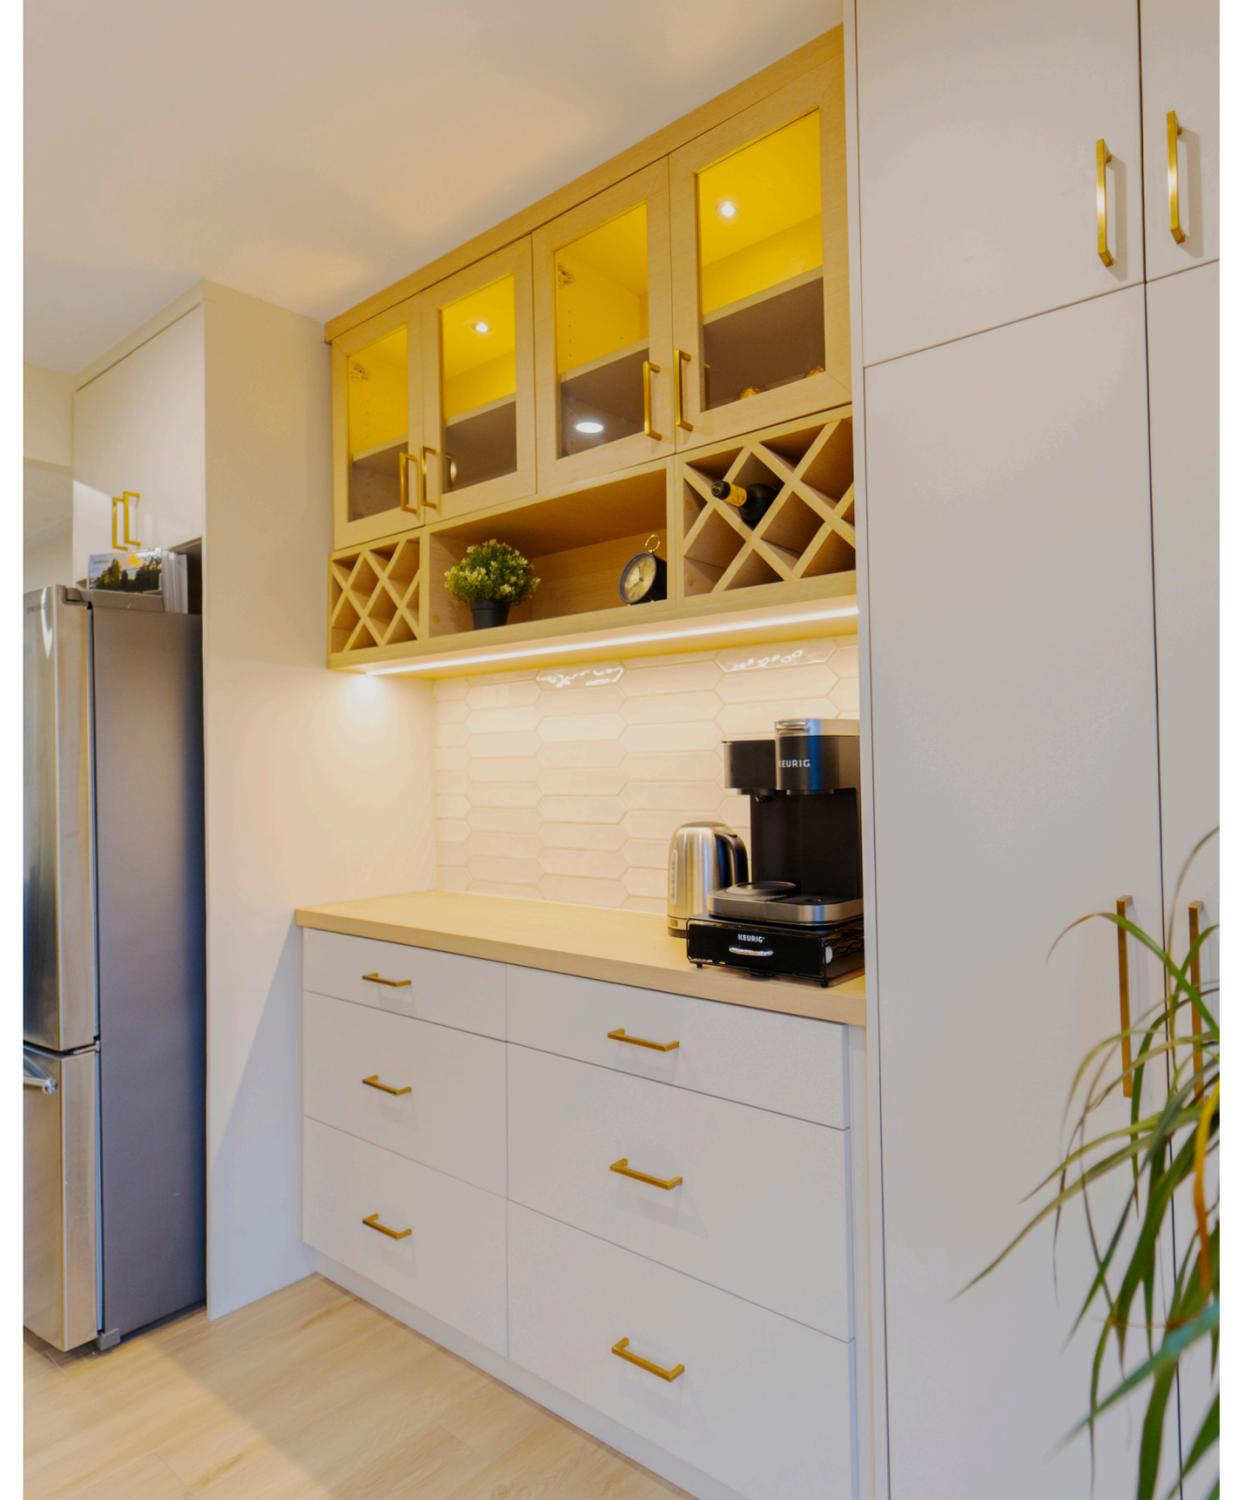

KITCHENS

Custom kitchens designed for how you live—thoughtfully planned, precisely built, and manufactured in-house for lasting quality and seamless execution.

Customized storage solutions with convenient accessories like leemans corner, appliance garage and built in microwave cabinet

Kitchen Extension with glass doors, under cabinet lights, winracks, floating shelves etc.

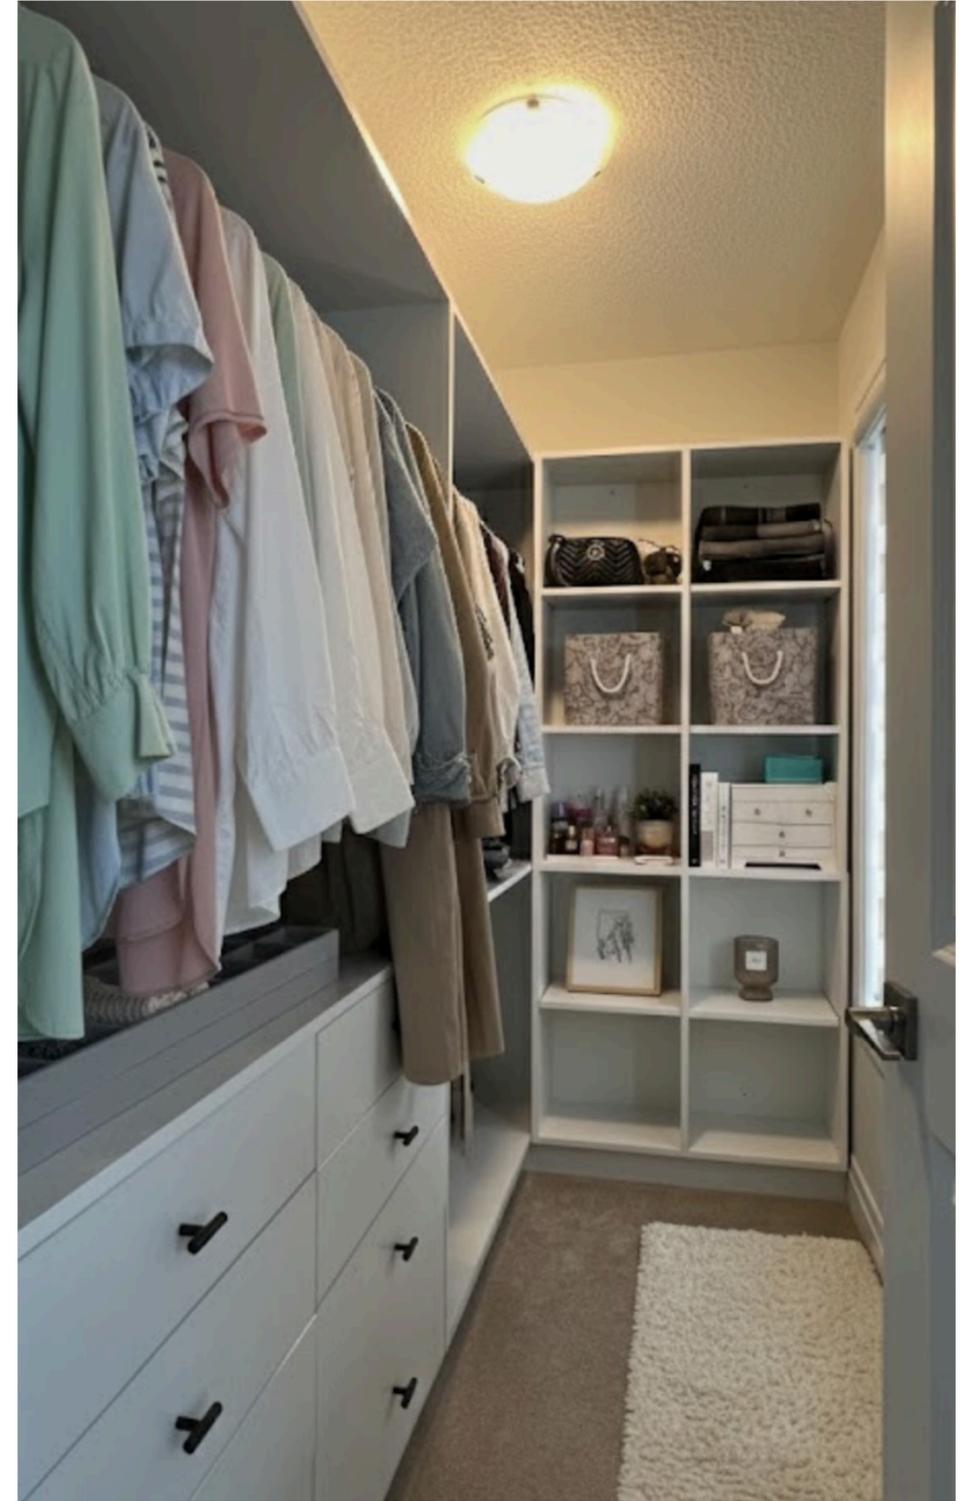

CLOSETS

Custom closets designed to maximize space and organization—tailored to your lifestyle, built with precision, and made to last.

Walk-in Closet

Built-in Closet

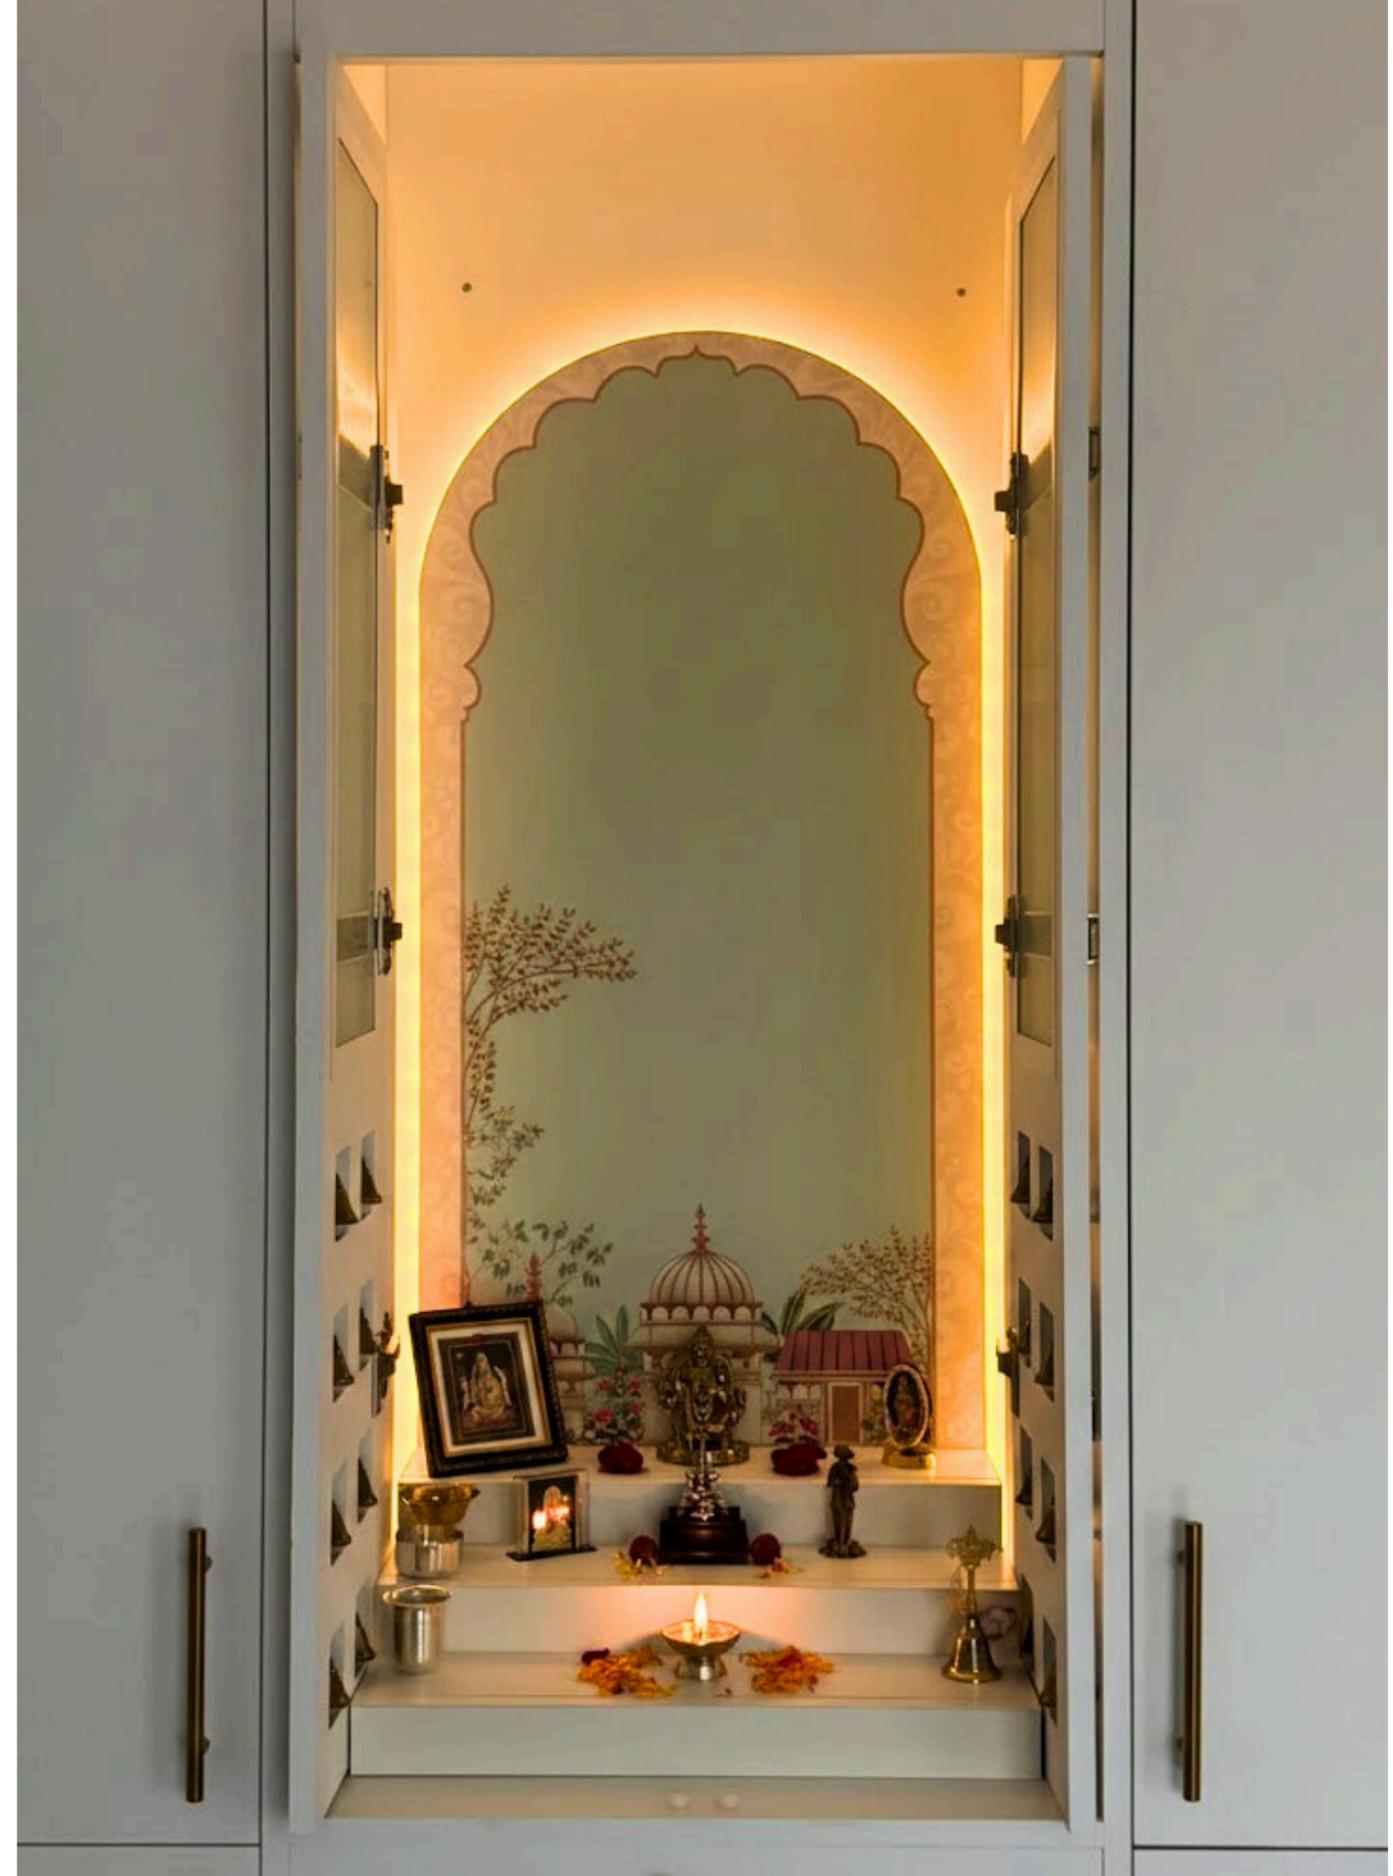

Reach-in Closet

MANDIR & TV CONSOLES

Thoughtfully crafted mandirs that blend tradition with modern design—custom-built to fit your space with care and precision.

Custom TV consoles designed to elevate your living space—clean lines, smart storage, and a perfect fit for your home.
