# PLUMP IT

## SMOOTHING AND HYDRATING

MATURE OR DRY SKIN TO HELP RESTORE HYDRATION  
SMOOTHNESS, AND ELASTICITY OF THE SKIN.

- Hyaluronic Acid occurs naturally in the body and generally decreases with age. In the skin it exists in the epidermis and keeps the skin hydrated and supple due to its high-water retention ability.
- This is a must for hydrating the skin use daily.
- As we age, our production naturally decreases and we notice alterations in our skin such as wrinkling or dry skin.
- Beneficial for mature or dry skin to help restore hydration, smoothness, and elasticity of the skin.
