

Heliotrope

BEEKEEPING PROTECTIVE-GEAR MANUFACTURE

ABOUT US

Heliotrope Bee started in 2012 as a bee-inspired clothing manufacturing company in Sialkot, Pakistan. We aim to deliver the finest-made bee apparel and textile products with the highest quality standards that are easily accessible to businesses at affordable price rates. Over the years, with our persistent growth and hard work, we expanded our manufacturing capacity to another level and gained specialty in many bee clothing categories. We provide all types of bee-inspired clothing manufacturing services worldwide. Our categories include bee-themed Bee Cotton Suits, Air Mash bee suits, Bee Ventilated suits, Bee Cotton jackets, t-shirts, Bee Ventilated Jackets, Bee uniforms, Bee Gloves, and many more. We are proud to announce that Heliotrope Bee is the leading manufacturer that can help any bee clothing business or brand achieve its goals, establish its brand in the latest fashion industry, and get any type of fully customized and beautifully crafted bee apparel products. The quality of our products is always guaranteed.

Rounded Veil: HeliotropeBee's round veil offers 360° visibility. Customize the mesh color, add a slogan, or request custom embroidery.

Fencing Veil: Our fencing veil integrates seamlessly with suits/jackets. Choose fun patterns on the mesh or personalize with your name.

Folding Veil: The folding veil is ultra-portable. HeliotropeBee lets you pick the mesh tint, cord color, and add ventilated panels.

Square Veil: HeliotropeBee's square veil provides maximum head coverage. Customize the mesh color, request embroidery, or add a vented top panel for extra airflow.

At HeliotropeBee, our beekeeping veils start with high-quality mesh fabrics like tight-weave polyester, durable nylon, breathable cotton, or lightweight linen. These meshes are carefully cut into panels based on the specific veil style - round, fencing, square, or folding. Sturdy binding or casings are sewn around the edges of the mesh panels using industrial overedge or safety stitch machines. Drawstring or elastic channels are created within these casings to allow the veil to cinch for a customized fit.

COLORS CHART

At HeliotropeBee, we understand that every beekeeper has their own unique style and preferences. That's why we offer an extensive color chart with over 600 fabric choices, allowing you to customize your beekeeping suit to perfectly match your personal taste or brand identity.

Our color chart is a true feast for the eyes, featuring a vibrant spectrum of hues ranging from classic whites and tans to bold, eye-catching shades like electric blue, crimson red, and neon green. Whether you prefer subtle, earthy tones or vibrant, attention-grabbing colors, our chart has something to suit every preference.

The chart encompasses a wide variety of fabric types, including lightweight meshes, sturdy canvases, and breathable cottons, ensuring that you can find the perfect color in the material that best suits your needs. From the base fabric of the suit to the mesh veil, you can mix and match colors to create a truly one-of-a-kind look.

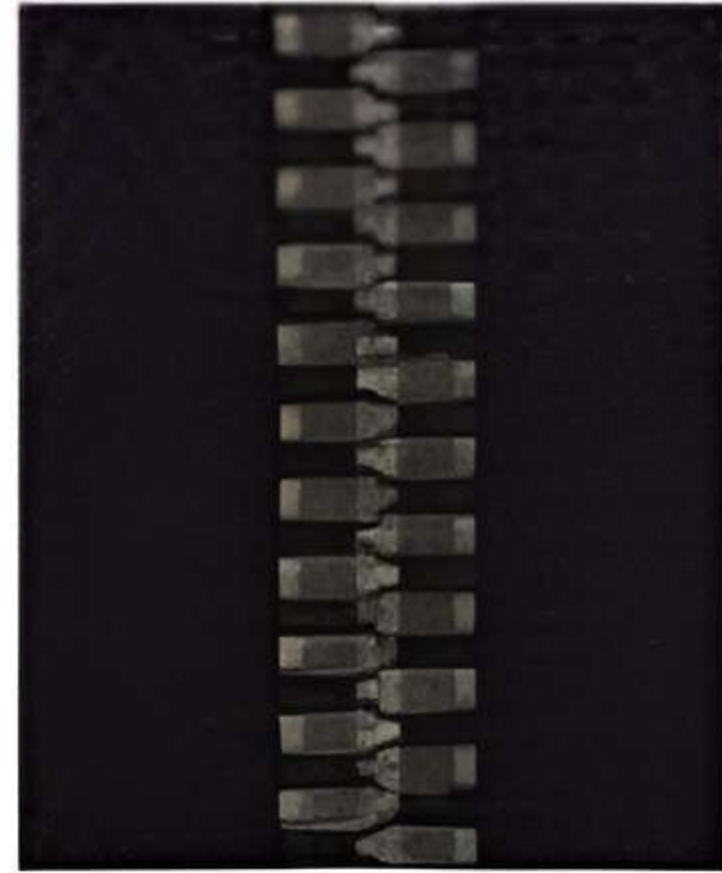

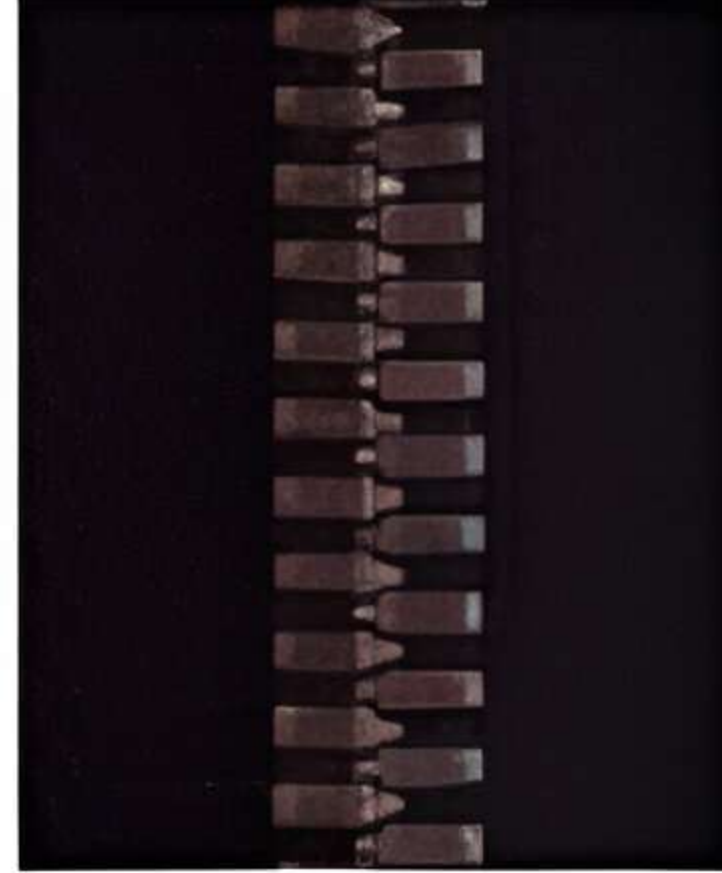

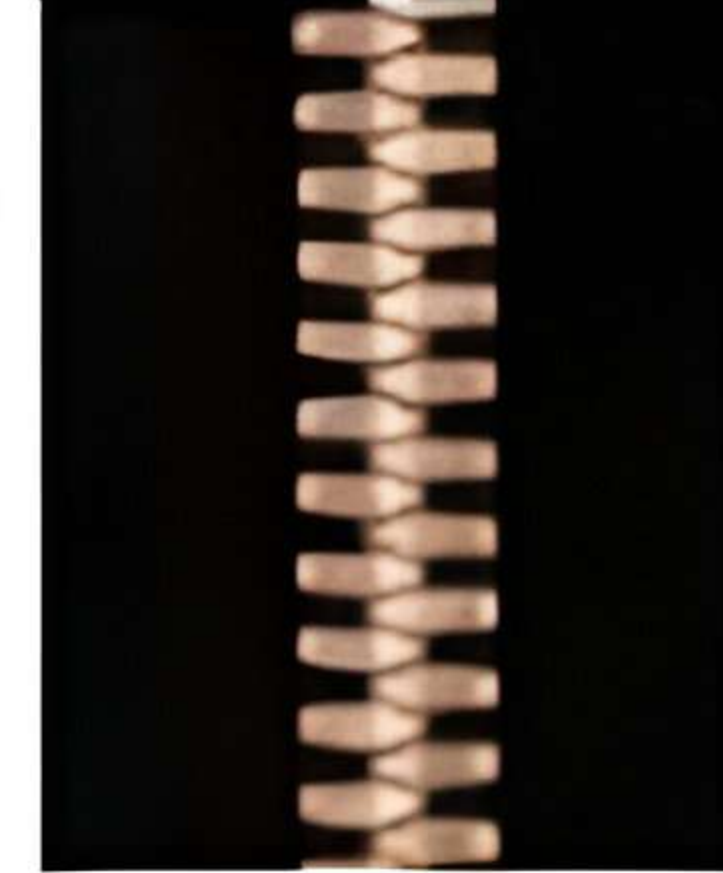

But the customization doesn't stop there. In addition to selecting your desired colors from our extensive chart, you can also choose to add custom embroidery, patches, or printed designs to further personalize your suit and make it truly your own.

At HeliotropeBee, we believe that beekeeping is not just a profession, but a passion – and your suit should reflect that. With our color chart, you can express your individuality and create a suit that not only protects you but also showcases your unique style and personality.

So, whether you're a seasoned beekeeper or just starting out, let HeliotropeBee help you bring your vision to life with a customized beekeeping suit tailored to your exact specifications and color preferences. Browse our color chart today and unleash your creativity!
