

Dear Parents, Guardians, and Community,

As we embark on an exciting school year, I wanted to take a moment to reach out & share some of our needs. Your support & generosity can make a tremendous difference in creating an enriching learning environment for our students. Below is a QR code for our online wishlist.

I have also listed needed items below because we are glad to accept gently used items from the list, or items from other than Amazon. Any contributions, no matter how big or small, will be greatly valued and will directly support learning and development. If you are able to donate any of the items on the list, please feel free to drop them off (by appointment) or ship them directly to the school. Thank you in advance for your kindness and generosity. Together, we can create a nurturing and dynamic learning environment where every student can thrive.

Nadira Nash, Principal
