

Apex Biotechnology Training and Research Institute

Three-Month Internship Program cum Final Year Project

We offer a three-month internship cum final year projects in biotechnology, providing comprehensive research training that spans from basic to advanced levels. This program is designed to help students gain a deep understanding of the core principles and hands-on experience necessary for success in the biotechnology field. Our internship equips students with the skills and knowledge needed to excel in today's dynamic world and enhances their prospects for securing placements in MNCs and other reputed corporates in India, as well as in both national and international institutions.

Who We Are

Since 2014, Apex Biotechnology Training and Research Institute (ABTRI) in Chennai, southern India, has been the region's leading biotechnology placement training institute. ABTRI boasts a state-of-the-art biotechnology training facility spanning over 3,000 square feet. The institute is dedicated to preparing students for roles as researchers in academic institutions, as industry-ready professionals, and as biotechnological entrepreneurs.

Why Choose Us

Research and Development Center for Our Conglomerate

We serve as the Research and Development Center for our conglomerate companies specializing in Agrobiotech, Nanotech, Biopharma, Environmental Science, Food Biotechnology, Cosmetics, and Nutraceuticals and Microbial Technology.

Centre of Industry-Academic Collaboration

We are dedicated to providing valuable hands-on experience for biotech students throughout their academic journey. Through numerous partnerships with leading institutes nationwide, we serve as a Biotechnology Career Development Center, supporting students in their professional growth. Additionally, we offer comprehensive training programs for individuals interested in pursuing further studies, whether domestically or abroad. Our internship and training initiatives are crafted to empower students and contribute to a brighter future in the biotechnology field.

Our Programs

Three-Month Internship

We offer a three-month internship opportunity for students pursuing a B. Tech or Master's degree from various institutions. This internship, which may also involve project work, covers a range of biotech fields, including Agrobiotech, Biopharma, Environmental Sciences, Microbiology, Food Biotech, Nutraceuticals, Cosmetics, Nanobiotech, Animal Cell Culture, and Green Chemistry. The outcomes of these projects are primarily designed to support the student's final-year project and publication submissions. Any patents arising from the internship program will be owned by us.

Project - Fees Details

The internship fees will include all research bench costs, such as chemicals, analysis and testing. The fees for each category are as follows:

- Molecular Biology : ₹25,000
- Animal Cell Culture : ₹30,000
- Agri or Biopharma : ₹15,000
- Food or Enzyme Tech : ₹15,000
- Nano Tech : ₹15,000
- Environment Biotech : ₹15,000
- Microbial Tech : ₹15,000
- Marine Biotech : ₹15,000
- Bioinformatics : ₹15,000

The price above is for ONE student.

For group projects: Two students - 80%, Three students - 65%, and Four students - 55% of the cost per student.

Application Submission Guidelines

How to Submit the Registration Form

You can submit your registration form using any of the following four methods:

Option 1:

Download and print the registration form, fill it out, and send it to us via speed post.

Option 2:

Fill out the printed registration form, scan it, and email it to:

apexbiotechchennai@gmail.com

Option 3:

Complete the printed registration form and submit it in person at our research facility.

Option 4:

Visit our research facility, collect a registration form on-site, fill it out, and submit it directly.

Next Steps:

Once we receive your completed registration form, we will inform you about the registration fee payment process. You can make the payment via UPI or in cash.

Confirmation:

Upon successful submission and payment, your registration will be confirmed, and a **Letter of Acceptance** will be sent to your email.
