

PORTFOLIO 2025

Atelier CJ is an architecture and engineering studio driven by a passion for thoughtful design and precise execution. We create spaces that are functional, timeless, and tailored to their context. With every project, we blend creativity and technical excellence to deliver meaningful built environments.

The logo for Atelier CJ, featuring the name in a stylized, handwritten script font. The 'A' is large and elegant, with the 'telier' in a smaller, flowing script, and 'CJ' in a larger, bold script.

At the heart of every great design is a passionate team. Our architects and engineers bring together vision, precision, and innovation working hand in hand to shape spaces that inspire and endure.

Adi Dwi Prasetia, S.Kom

CEO

"To become an innovative leader in architecture, shaping the future of living and functional spaces through sustainable design, timeless aesthetics, and a deep commitment to human-centered solutions."

H. Fajar E., Amd. Tek., S.Ak. CEO

"To inspire the team to keep learning and innovating, responding to changing times without losing the essence of beauty and function."

Ista Setia Pangestu, S.Ars Principal Architect

"To collaborate closely with clients, engineers, and fellow designers for integrated and meaningful outcomes."

Angga R.P. Engineering Leader

"To build long term client relationships through clear communication and consistent service quality."

Buyung Hendrawan A. Marketing Leader

"To create marketing that puts clients first offering honest value, lasting impact, and meaningful connections through every design we share."

Yunita Hermawati Finance Leader

"To drive sustainable financial growth through smart planning, transparent processes, and value driven decisions ensuring our clients' investments in design bring long-term returns, stability, and trust."
