

LEADERSHIP STRATEGIES

OVERVIEW

Applying leadership and 21st century skills, teams prepare a presentation based on a selected challenge that TSA chapter officers might encounter, within a specified, limited amount of time.

ELIGIBILITY

Three (3) teams of three (3) individuals per state may participate.

TIME LIMITS

- A. Presentations must be between three and five (3-5) minutes.
- B. Teams will be penalized one (1) point per ten (10) seconds for speaking over five (5) minutes or under three (3) minutes.
- C. Time commences when the first team member begins talking and concludes at the end of the presentation.

ATTIRE

TSA competition attire is required.

PROCEDURE

PRELIMINARY ROUND

- A. Team members report to the event area at the time and place stated in the conference program to sign up for a presentation time.
- B. Participants report at the time and place stated in the conference program, five (5) minutes prior to the assigned presentation time.
- C. At the team's assigned time, one (1) team member draws three (3) cards – each containing one (1) topic – from a box and selects one (1) topic from the three (3) on which the team presents. The cards with the unused topics are returned to the box.
- D. After selecting a topic, the first team enters a preparation room separate from the presentation room and is given fifteen (15) minutes to prepare the team presentation. Multiple teams may be in the preparation room together during the rotation period due to conference logistics.

- E. The event coordinator introduces each team by team identification number only in the order of the sign-up time.
- F. As participants present, the timekeeper visually notifies the team when it has reached the three minutes minimum time by holding up a 5" x 7" notecard with "3:00" displayed.
- G. After speaking, the team returns the topic card to the judges.
- H. Judges independently score each presentation according to the criteria on the official rating form.
- I. A list of twelve (12) semifinalists (in random order) is posted.

SEMIFINAL ROUND

- A. Participants report at the time and place stated in the conference program to sign up for a presentation time.
- B. Participants report at their assigned time and place for the same procedure used in the preliminary round, but with a different set of topics.
- C. Ten (10) finalists are announced during the conference award ceremony.

REGULATIONS AND REQUIREMENTS

Students will work to develop their leadership and 21st century skills in the process of preparing for and participating in this TSA competitive event. The development and application of those skills must be evident in their submission, demonstration, and/or communication pertaining to the entry.

- A. No reference may be made concerning the name of the team, the team members, or their school.
- B. Each presentation must be the result of the team's own effort.
- C. No reference materials or devices may be brought to the preparation room.
- D. Any notes for the presentation must be written during the fifteen (15)-minute preparation period.
 - 1. Each team is provided a maximum of three (3) 3" x 5" blank notecards.

2. Although teams are permitted to use notes when speaking, it should be noted that deductions in scoring may be made for this practice if it detracts from the effectiveness of the presentation.
- E. No observers are allowed in the event or preparation rooms during heats, though they may be present during the semifinals.
 1. No talking or gesturing is permitted.
 2. Observers are NOT allowed to enter or leave during a presentation.
 3. THERE IS NO APPLAUSE UNTIL THE PRESENTATION HAS CONCLUDED.
- F. Teams are penalized one (1) point per ten (10) seconds for speaking over five (5) minutes or under three (3) minutes.
- G. Each member of a team must participate in the presentation.

Sample Topic Questions:

Topics that might be encountered by teams in this event may include but are not limited to:

1. A newly created school ruling does not allow for school related travel out of state. How will your chapter approach a solution to the problem?
2. A mandated curriculum severely limits opportunities for students to select and schedule elective courses such as technology education. What can be done to resolve this issue?
3. Plans to upgrade athletic facilities within the school district severely limit previously approved plans to fund technology education with needed maintenance and equipment expenditures. What will you do in an attempt to resolve this dilemma?
4. A school policy that pertains to fundraising activity now requires such funds to become part of a general pool to be distributed at the discretion of the school administrator regardless of who or how they were raised. What will be your plan of action to reverse this decision?
5. Conflict exists within the local chapter related to members who are not engaged within their committee assignments. If the problems are not resolved, the health of the chapter will deteriorate. How do you plan to solve this problem?

6. It is assumed that our school's technology and engineering program will be strengthened through the support of local businesses and industries. Currently, there is little participation of these groups. How might we change this?
