KARACHI BIENNALE

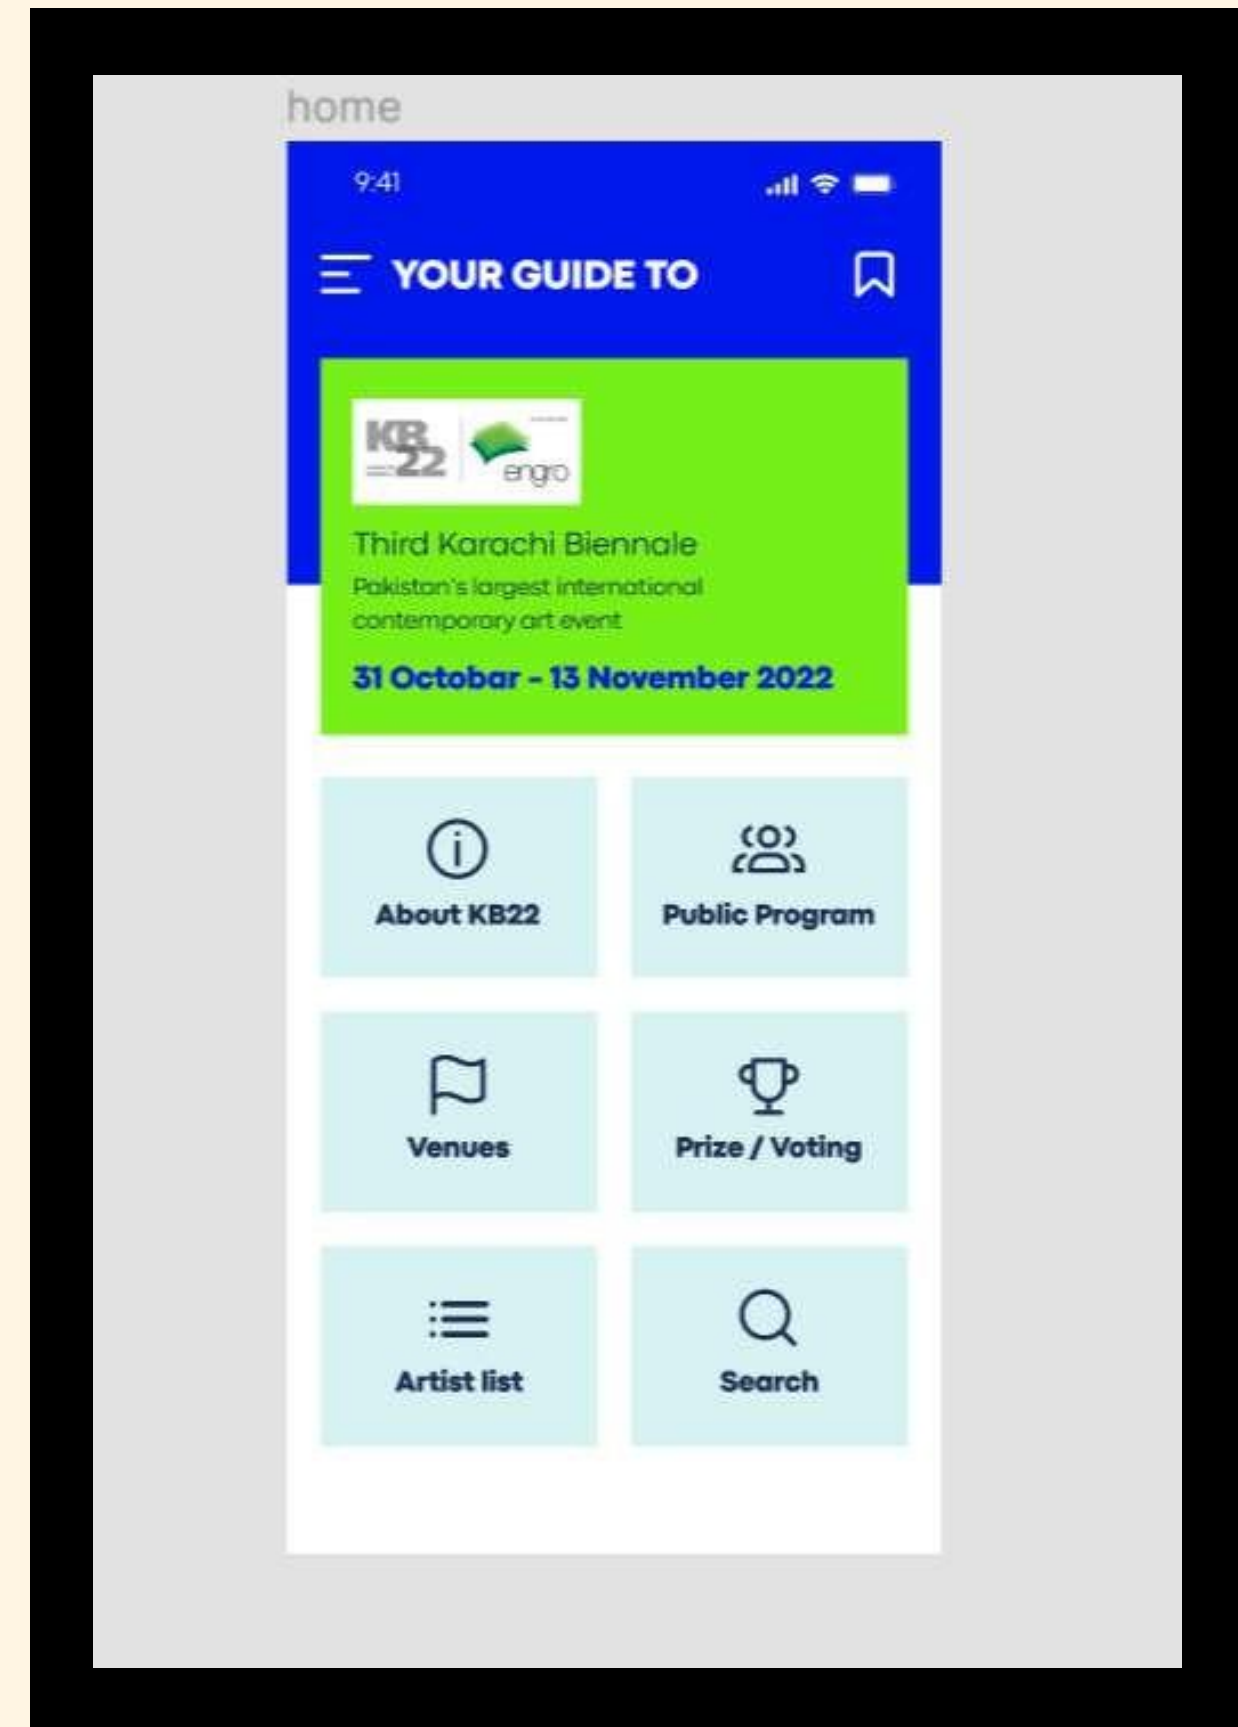

This app is built on Flutter and I used Firebase to store the voting data. There was a lot of feature integrated like one can vote one time from single device.

5K+

DOWNLOAD TOTAL

It's available on both the Play Store and App Store.

EZ ESTIMATOR

This app is built on Flutter and backend with node js. The main purpose of this app is to estimate the budget before the construction as it contains all details of construction material.

notable PROJECT

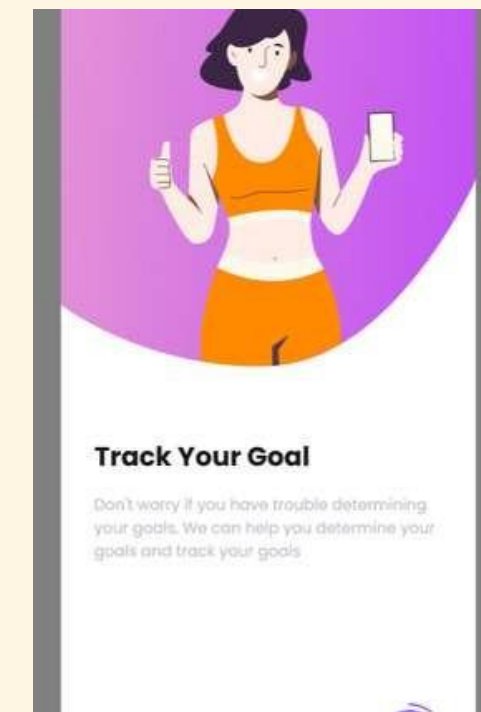

These are some projects that I worked on. It includes Mobikon the goods management app and Dhabaya which is a gold trading app, fitness for gym persons, and the breath app for motivation and inner peace.

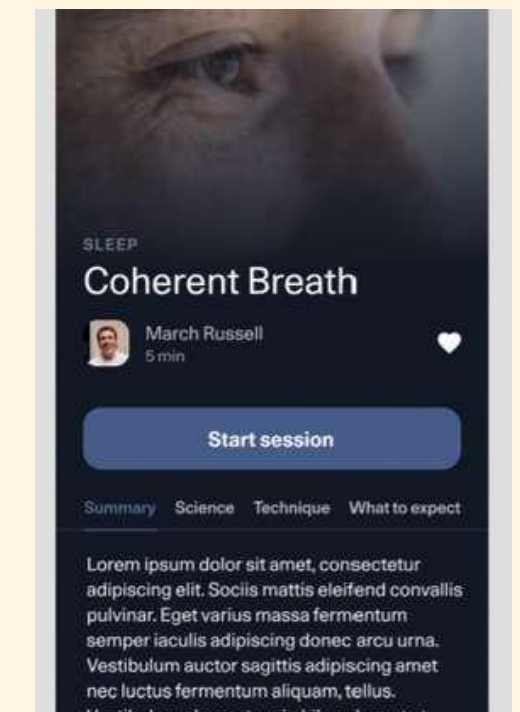

Mobikon

Dhabaya (Gold)

Fitness App

The Breath App

Emma Fitness App

Emma Fitness App is a user-friendly mobile application designed to help users track workouts, monitor progress, and stay motivated with personalized fitness plans and goal tracking all in one place.
