BENJAMIN MOORE X PRESERVATION FOUNDATION

For Palm Beach Design Days 2026, Benjamin Moore collaborated with the Preservation Foundation of Palm Beach to create a custom color palette inspired by the town's architectural legacy and enduring sense of place. Drawing directly from historic buildings and archival imagery identified by the Preservation Foundation, the palette reflects the colors that have long defined Palm Beach's distinctive aesthetic.

These archival references were thoughtfully translated into a curated selection of Benjamin Moore paint colors, capturing Palm Beach's most important architectural hallmarks through hue. As a heritage brand and a longtime advocate for craftsmanship and longevity, Benjamin Moore partnered with Palm Beach Design Days' community partner, the Preservation Foundation of Palm Beach, to honor the past while informing the future of design in one of America's most storied destinations.
