INTRODUCTION

H.E.S's mission is to protect and enhance the environment by providing exceptional demolition, asbestos removal, and site services.

As "Hazard Elimination Specialists," H.E.S are dedicated to making environments safer through innovative solutions, professional expertise, and strict regulatory compliance.

Striving to build trust and long-term partnerships, H.E.S are driven by a commitment to excellence and improving the wellbeing of our communities.

Favouring H.E.S as your main demolition contractor minimises your liability for any asbestos hazards. Our engineering controls and on site management will also help you to reduce the risk of exposure to others at your site during abatement.

In this pack you will find details of our accreditations, insurance, and licenses.

If you would like to arrange a meeting to discuss the benefits we can offer you, or if you have an upcoming project and would like us to supply you with a free competitive tender, please do not hesitate to contact us.

David Carter (TechIOSH, SpDipEM, AMIDE)
Managing Director

Statement of Health, Safety and Welfare Policy

Our work is in potentially high-risk sectors of Asbestos removal, surveys and encapsulation. Health and safety is extremely important within our business, and we fully accept our responsibilities to our staff, sub contractors and other people.

We will endeavour to ensure that, so far as is reasonable practicable, our operations are conducted in such a manner as to prevent harm or injury to people or damage to their working environment.

The company will take every reasonable measure, including the provision of adequate resources, to discharge its responsibilities by:

- Provide and maintain a clean, healthy and safe working environment so far as is reasonably practicable.
- Make it a prime responsibility of management to ensure that the health and safety policies are fully implemented as an integral part of the management of Hampshire Environmental Services Ltd.
- Consult with employees regularly to ensure the effectiveness of this policy, and to offer opportunity for their view on any changes required.
- Expect employees and contractors to co-operate in carrying out this policy, and to ensure that in their own work so far as is reasonably practicable they do not create risk to themselves or others.
- Provide appropriate training and supervision.
- Provide and maintain the appropriate equipment for the work to be carried out.
- Provide personal protective equipment.
- Carry out Occupational Health Screening checks for operatives exposed to health hazards.
- Regularly review and improve this policy in the light of changing standards, and information gathered from monitoring performance.
- Ensuring adequate welfare facilities are available.
- Obtaining the services of an external health and safety consultant to provide competent advice, support and to monitor performance against this policy.

We expect employees and contractors to comply with their legal duties and work with us to ensure that our workplaces are safe and healthy for everyone.

We have appointed Kevin Bell and David Carter as having particular responsibility for health, safety and welfare for the company and to whom reference should be made in the event of difficulty in implementing this policy

Environmental Policy Statement

Hampshire Environmental Services are fully committed to achieving the highest standards with regards to environmental matters arising out of our activities. It is the intention of the organization to be at the forefront of our industry through a policy of continual improvement. An integral element of our sensitivity to environmental issues is that it may affect not only our employees but also our other stakeholders.

When determining priorities for the allocation of resources, environmental objectives shall be given equal consideration with all other organisation objectives.

All managers, supervisors and employees have duties and responsibilities under this policy, and in order to ensure these are met at regular reviews of environmental performance will be carried out.

Aims of the Policy

Hampshire Environmental Services recognises that protection of the environment requires all activity to be conducted in a sustainable manner. Hampshire Environmental Services are fully committed to best environmental practice and each department takes responsibility for its own environmental performance.

Hampshire Environmental Services has acknowledged these responsibilities by publishing this environmental policy. Our organisation is committed to implementing the actions stated in the policy and objectives. In order to achieve this our organisation is;

1. Establishing health, safety and environmental policies for which the Top Management has ultimate responsibility and which forms part of the organisation's business plans.
2. Developing a comprehensive Environmental Management System (EMS), which ensures compliance with all relevant environmental legislation, regulations, codes of practice and any other standard to which the company subscribes? The organisation is also committed to the prevention of pollution. The EMS will evaluate the organisation's environmental impacts resulting in the setting of clear objectives with the aim of establishing continual environmental improvement in environmental performance. The organisation's overall performance will be monitored by regular audits and annual reviews.
3. Intent on integrating environmental management with health and safety management at all areas of activity.

Policy Objectives

The EMS will develop over time so that all key issues pertinent to the organisation will be addressed. Initially, the EMS will pay close attention to the following policy objectives;

1. Minimise the environmental impacts of our existing processes/activities and ensure that the implications of new processes are fully assessed prior to their introduction.
2. Effectively manage and control our authorised processes
3. Dispose of waste and effluents in a responsible and safe manner
4. Reduce the likelihood of environmental accidents and incidents through the use of risk assessments and action planning
5. Promote ownership and control of environmental issues at business level
6. Provide the necessary training and support in order to ensure that the organisation can fulfil the requirements outlined in this policy
7. Introduce programmes that aim to minimise waste
8. Minimise energy use through effective energy management..

Quality Policy

The continuing policy of Hampshire Environmental Services is to provide a professional and efficient service to meet all of the agreed requirements of our customers. This achievement will result in securing efficiency and the enhancement of long-term profitability.

The Management Team bears the responsibility for establishing, maintaining and implementing the system for controlling those particular activities for which they are responsible. We undertake to ensure through instruction, practical example and training that quality is the aim of all members of the Organisation and that each employee has a proper understanding of the importance of the quality system function and its direct relevance to the success of the Organisation.

Equally every employee is responsible for, and will be trained to perform the duties required by his or her specific role. Further the Organisation will ensure that any sub-contractors employed for a particular function will meet specified requirements and will accept the responsibility for their work.

The Organisation has a policy of continual improvement in line with the conditions laid down in ISO 9001:2000.

We hereby certify that this Quality Manual and the Standard Operating Procedures Manual accurately describes the Quality System in use within the Organisation to meet the requirements of ISO 9001:2000.

The Quality System will be monitored regularly under the Top Management's ultimate responsibility with regular reporting of the status and effectiveness at all levels.

Licence to undertake work with asbestos

Licence Number 062505138

The Health and Safety Executive, in pursuance of the powers conferred on it by the Control of Asbestos Regulations 2012, licences

**Hampshire Environmental Services Ltd
Unit 1, Withy Park
Withy Meadows
Dutton Lane
EASTLEIGH
Hampshire
SO50 6AB**

("the licensee")

to undertake work with asbestos subject to the conditions below. The licence is granted from **17 September 2025** and shall remain valid until **16 September 2028** unless revoked in writing by an authorised Person.

CONDITIONS

1. This licence or a copy thereof, should be made available on request by the licensee for inspection by any person to whom the licensee submits a tender or quotation for work with asbestos and shall be available for inspection at all worksites.
2. The licensee shall give notice in writing of the work to the appropriate HSE or local authority office at least 14 days before the work is commenced, or such other period as the authority will allow. The notice shall specify the type of work to be carried out, the likely duration of the work, the address of the premises at which the work is to be carried out and the date of commencement of the work activity. The enforcing authority must be informed in writing as soon as possible if this information changes. This condition will only apply to licensable work with asbestos as defined in Regulation 2 of the Control of Asbestos Regulations 2012 or when the licensee hires out employees (at operative level) to other licensees.
3. (a) Prior to submitting the notice of work required by Condition 2 the following documents shall be prepared by the licence holder:
 - i) a suitable and sufficient written statement of the plan of work to be used.
 - ii) a suitable and sufficient written specification for the equipment for the protection and decontamination of those engaged in asbestos work and also for the protection of other persons, as appropriate to the work.
- (b) The licensee shall, on request by HSE and/or the local authority provide copies of the documents referred to in 3(a) and/or allow inspection of those documents as required.
- (c) Work carried out under the notice of work required by Condition 2 shall be carried out in accordance with the suitable and sufficient plan of work and the equipment, as specified in (a) (i) and (ii).

The plan of work and written specification must be provided on request and be available at the time of notification.
