

Dennis and Summer

As you are leaving Mitchell's Main Street and begin to head West on HWY 26, you will see an old building there on the left. It was built in 1957 by Clarence Jones, SR. Clarence had previously owned the Chevron gas station at the west end of town which was situated on the site of the current U.S. Post Office. The great flood of 1956 washed away his gas station and numerous other buildings on Main Street alongside Bridge Creek. Clarence rebuilt his gas station the next year on HWY 26 just west of Mitchell.

Throughout the years, a few others came along to own the building after Clarence. It was once owned by Charlie and Suzie Munsey who established a business there called The Blue Berry Restaurant and there was a bar in the building as well. Later on, Ron and Jewell Thomas also owned the building and operated a Rock Shop and Gift Shop known as the Rusty Can. Most recently, the Thomas' sold out to the current owners, Dennis and Summer Lewchuk.

Let's all give a big WELCOME to Dennis and Summer! Their plans for the building have not been set in stone as of yet. The talk around town has been that it will be a restaurant, a convenience store, or maybe even a Pizza parlor! We will have to sit back and wait to see what Dennis and Summer will do. I do know for a fact that this young couple "fits right in" as neighbors and is already part of the Mitchell community family. Summer is working for Gabe at Wheeler County Trading Co. I know from personal experience that when you shop at the WCTC while Summer is working, you will no doubt be greeted with a big smile and a winning attitude! And let's not forget about Dennis who spends his days working diligently on the Big Brown Building which Dennis and Summer now call home. These two keep busy working, no matter what it may be. We are all looking forward to whatever plans Dennis and Summer may have for the

building - whatever it will be. We are very excited to have them as part of our Mitchell community and are anxiously looking forward to what they will bring to our Beautiful Town!

Mitchell has a Laundrymat again!

After an 18-year hiatus, we now have public showers and a laundromat again. The old laundromat and showers at 101 West Main fell into disrepair around 2006 but have now been replaced with a new facility at Wheeler County Trading Co.

Owner Gabe Salvage says it will be nice for Mitchell to have this valuable facility back in the community serving the passer-buyers, hunters, or just the average Mitchellite who's down on their luck washing machine-wise.

The facility has a bathroom, 2 standard washers, and 2 standard dryers, is coin operated with a coin machine available, and is in the back of the feed/lumber warehouse across the street from the store. It is open with the same hours as the store (currently 8 am--7 pm) Showers are payable at the store.

Submitted by Gabe Salvage

Going to State!

The spring of 1960 brought the fruition of the American Legion Program of the 1950s and it blossomed. The Mitchell High Loggers went on a run that would take them to the state semi-finals.

The 50s slowly crept upon us, even the clocks seemed to run slower then. People's entertainment was self-made. We didn't get electricity until 1954. TV even later. Enter the American Legion, they had the organizing skills, and the revenue, and most of them had the kids. Baseball became the entertainment. The team played other towns that had Legion posts - Dayville, Fossil, Spray, etc. The local merchants had a hand in it also, they could sponsor a player and the business name would be placed on the back of their jersey. Players were between the ages of 10 and 18, though some towns may have stretched the top age but they made them shave before the game. When it became obvious that they had stretched the age too tight then that player was moved up to the town team. When you reached the town team level you had to have another skill, how to fight and defend yourself. It seemed when an umpire couldn't settle a dispute it would be solved another way, sometimes the umpire was involved.

Baseball season came in like a lion as did the weather in March, when a ground ball was hit into the outfield it had to be rolled back, from the accumulated snow, it was heavy to throw. The weather was so bad that the groundhog came out 2 days in a row so we could expect 12 weeks of bad weather.

A lackluster season in '59 dictated no pressure was on us, no team feared us, and expectations were very low. The first three non-league games we won against Fossil, Prineville J.V., and Sisters. Our confidence was high until we were humbled by Prineville and Fossil. We beat Sisters again before we started League play, now would be the time to introduce the team. Senior leadership was supplied by Bob Hale and Calloll Messenger. Carroll was our catcher, a good gloveman who had a great arm, and was better than average with the bat. Bob was blessed with speed so he could beat out hits and steal bases. Had a good eye, and packed a mean bat. Bob was the team leader. I didn't agree with him always, maybe because he and I were cousins.

Six on the team were juniors, 5 were starters. The most valuable on the team was Pete Migun a transplant from El Central, California. Pete was our pitcher, a left-hander who could throw a curve around a corner. Pete thought he was the best and the prettiest. He may have been right. Sure didn't have much trouble with batters or the girls. Fact is that Crook County Cowboys recruited for the next year using girls as bait! Terry Schnee was at first base at 6'3".

Had good range, a great glove, OK with the bat. Pete William was the right fielder, the coach hid him out there and hoped a ball didn't come his way. Pete could not catch or throw but packed a great bat. It may not have been all his fault because he wore glasses that looked like the bottom of Coke bottles. Bob Seaton held down left field. He had a good glove, arm, and bat fair speed. I felt more comfortable playing beside him than Pete because I was center field. When I started playing High School ball, I was the lead-off hitter and I didn't feel any more comfortable than playing beside Pete. I had a good eye, fair with the bat, slow with the feet but great with the glove. Marc Anderson was our 3rd Baseman. Had a great arm, good with the glove and bat but he broke his hand in a play at 3rd base and missed the first half of the season. Fred Harnden took over at first after Marc's mishap, with his athletic skills did a great job, he sometimes pitched. John McCulloch was the 2nd baseman. Had quick hands, a good eye and good with a bat. The last one of our sophomores was Paul Lollar. He also was a gifted player who could play any position including pitcher. John Misener was the only freshman, he filled in where needed while he honed his skills.

We started league play at Dayville, their field was west of town, the outfield was surrounded by a massive log deck. A homer would be to park one on the deck. Migun was having a great game, a one hitter left handed. Coach O'Halloran called time in one half of the fourth inning, went to the mound packing a glove, Dayville's neurotic coach wanted to know if we were changing pitchers, Coach O'Halloran said, "NO! We are changing arms." Migun threw a 1 hitter left-handed and a 3 hitter right-handed. It was our easiest win of the season. Long Creek was up next and we had no problem with them. We traveled to Monument and two events I remember from that game. I was behind on count 0 - 2, the next pitch was 2 feet over my head, I swang at it, ran to 1st. Coach came out and questioned my decision to swing to which I replied, "Well, I am on base." End of question. Later I was on third with one out, the ball was hit to right field in foul ground, it was caught I tagged up and scored after the catch. I didn't even know you could do that! What a coaching moment! Three games in and we are undefeated in League. Competition would be harder for the next two games. Prairie City had a good team but we prevailed. Mount Vernon was also undefeated the next game would be the league championship game. Luckily we had them at home. Paul Ables was 6'4" and their thrower he could burn them. Jamie Woods was a behemoth of a man, 6' tall 225 LBS. He had packed into one hand more athletic ability than I had in my whole body. That day belonged to us as we won

Going to State! (cont'd from page 2)

13 to 4, I believe.

A new season now started as we were going to the district play-off. We were blessed because we had home-field advantage, sort of. It was set that we would play at Davison Field in Prineville. Mitchell was playing against Umatilla from eastern Oregon. I don't remember a lot about the game after 63 years, but I do remember we broke about 4 bats out of our 12. My Dad and Bob McColloch went down to Ernie's Sport Shop and purchased enough to finish the game. The team arrived in Prineville Friday, spent the night in the Ochoco Inn. Coach O'Halloran spent most of the night at the Cinnabar Lounge, everybody else had a curfew! If we win this game we will have a plan so this doesn't occur again. We did win the game - I don't remember the score. So we were up at the same place next Saturday playing Adrian from far eastern Oregon. We checked in at the Ochoco Inn once again late in the afternoon, went out to Davidson to practice. We ate early dinner and retired to our rooms, we now implemented our plan to stop the coach from his appointment at the Cinnabar Lounges. We waited until he was in the shower, broke into his room, and removed all his clothes. We met him early the next morning, he had stayed in his room all night and now we returned his clothes, and he really looked refreshed.

Up to now, we didn't know we were that good. No one had any expectations of us. We were getting into the papers, folks were bragging about us, furnishing steak dinners for the team, the pressure was starting to build. Until we played them, I didn't know Adrian was in Oregon. We were victorious in the contest, we took full credit because we kept the coach fresh and rested. On to State and the semi-finals, but we have to travel to Merrill which is southeast of Klamath Falls.

The bus ride to Klamath Falls was long and slow but as always we entertained ourselves aggravating the girls and each other. We finally reached Klamath early afternoon, checked into the hotel in downtown. The Wi-Ne-Ma, I believe. Four people to a room, Pete Williams was one of our four. We had a room at sidewalk level, Pete took a shower, modesty not being his forte (remember I mentioned the Coke bottle lenses??) Walked up to the street window and proceeded to start to dry himself, completely unaware that we had opened the curtains. Pete put on quite a show for the passer-byers until he became aware! That evening, we borrowed Coach O'Halloran's station wagon paired up, and went to a movie. I am not going to mention any names, some are still trying to live it down as to who they were paired off with!

The next morning, we ate breakfast, layed around the

room, then got lunch, boarded the bus, and headed to Merrill south of Klamath. We had picked up a local paper, the sport page had write-ups about both teams. Somehow they got my name wrong, in Klamath County my name was Stan Cannon. I got teased more by my own team than the opposing one.

The game was a close 3 to 2 until the fourth inning. Merrill had a man on first and second, the batter found out where we had Pete hidden. I knew he wasn't going to get it, so I charged the ball and his position. I grabbed the ball and summoned all the strength, and adrenaline as I threw that ball. That ball was supposed to go to home plate, but I overcharged, overthrew, the ball landed 20 yards behind the plate. I couldn't see it but they say I scattered the Merrill fans. Two more runs scored making it Merrill 5 - Mitchell 3. Terry Schnee was at bat with 2 on. He got hit by a pitch. Umpire declared he didn't try to move away and called it a strike. Next pitch he grounded to first. Game over. Big argument but to no avail. We lost 5 to 3. The next week Merrill went on to win State. The bus ride down was long, but the ride back was longer.

There is a postscript - Tom Campbell a long-time Mitchellite was living in Merrill, but was not at the game. He heard about the results in The Rhubarb Daily News. Tom asked how many Merrill fans were killed. He was told none, and he stated, "You people don't know how lucky you were!"

I made a two-run error on my throw but I left Klamath County and Merrill fans knowing that Stan Cannon had one hell of an arm!

Mister O'Connor

On September 29, 2023, a gentleman pulled up to my store in a 1935 Ford pickup in showroom condition.

Craig O'Connor was the gentleman's name, and he hailed from Wilsonville. He had rebuilt this vehicle from the wheels up.

Mister O'Connor had come to Mitchell to search for the original owner or his family.

I informed him that Bill Maxwell had passed and his family had relocated to parts unknown. Bill had sold this vehicle to folks in Condon, and Craig had purchased it

from them. It had been a labor of love for many years.

The only thing original was the metal, everything else was brand new!

LOGIC PROBLEM

MOM'S HOME COOKIN'

After the waitress had taken their meal and beverage orders, five friends eating at Mom's Home Cookin' realized that what each really wanted to eat was the meal ordered by one of the other four. They agreed to switch the meals when they arrived, so that each person ate a meal different from the one that he or she had ordered. From the information provided, determine the meal each person ordered, the meal each actually ate, and the beverage each had (one was red wine).

1. The diner who ordered the trout ate the food ordered by the person who had the chicken. The person who ordered the spaghetti with meat sauce, who was not Lou, ended up with the trout.
2. The person who had beer ordered the sirloin steak.
3. The person who had juice ate what Carrie ordered.
4. The diner who had soda ate the spaghetti with meat sauce.
5. Marie, who did not drink wine, ate the meal Hal ordered.
6. Carrie, who did not eat the quiche, ate the meal ordered by the person who drank white wine, who was not George.

This chart is to help you record information from the clues as well as the facts you deduce by combining information from different clues. We suggest you use an "X" for a "no" and a "•" for a "yes."

Halloween Neighborhood Night is a Community Family Festival that is
sponsored entirely by the Mitchell Community. Thanks to all who
contributed and/or volunteered their time and efforts
to make this Annual Family Festival event possible!

Happy One Year Anniversary, Mitchell Sentinel!

Although the first Mitchell *Sentinel* was published way back in March 1904, this Issue of the Sentinel is the 12th one since its comeback in November 2022. Anthony "Pike" Helms, Jr. is credited with establishing the Mitchell *Sentinel* and keeping it in print as editor and owner until his death in 1923. Lallah L. Gage then took up the editorship until the paper was suspended in 1925.

Here's a great big THANK YOU to all of you who have supported and contributed to the *Sentinel* for the last year! With your help, the *Sentinel* will continue to serve the Mitchell Community bringing enjoyment to many and preserving history a little bit at a time here in our lovely little town.

Dajuana Dodd Editor/Publisher

Where's the Beef?

The Annual Painted Hills Festival Hunters Bake Sale took place on Friday, October 6th, marking another triumphant year for this beloved community event. The Hunters Bake Sale is always held on the day before rifle deer season begins. The enthusiastic support of the local community and the hunters played a crucial role in making this bake sale a resounding success, with proceeds exceeding \$700.

Funds generated from the bake sale and other fundraising activities contribute to covering essential expenses for the festival, such as insurance, entertainment, and facilities like porta-potties. Additionally, these funds are instrumental in making valuable contributions to the local community.

The kitchen warriors who dedicated their time and culinary talents to baking delicious treats are deserving of a special round of applause. In particular, a heartfelt thanks go to Fred Carlson for his consistently popular gourmet cheesecake, which always fetches impressive prices. Notably, this year, the inclusion of donated BBQ sauce and jerky added to the sale's success.

The festivities also featured the "Win \$500.00 of Beef" Raffle, with the custom-cut beef prize generously donated by the Hashknife Ranch. The lucky winner of this delectable bounty was Jim Parrish, a cousin of

Kristi Dennis. Congratulations, Jim!

The Painted Hills Festival, which Mary Fitzgerald began 27 years ago, has been a steadfast presence in the community, consistently providing support to local businesses. Over the years, the festival's organizing committee, consisting of dedicated individuals such as Mary & Tom Fitzgerald, Vernita Jordan, Christy Hudspeth, Kristi Dennis, Ernie Critchlow, and Bonnie Lofton, has worked tirelessly to ensure its continued success. Toney Ryno joined the committee in 2007 and has played a pivotal role in its leadership. At the first meeting she attended, she was nominated to become the president, was asked by Ernie to take over the parade and has stuck with the gang ever since.

As the most significant community event in Mitchell, the festival aims to offer something for everyone year after year, becoming a highlight for local businesses. The community's unwavering support has been instrumental in making this event a resounding success.

The festival's organizing committee includes dedicated members with various responsibilities, from managing vendors and the country store to organizing the parade and entertainment. These individuals volunteer their time, without monetary compensation, to ensure the festival's success. The festival committee is made up of Kristi Dennis (treasurer and in charge of vendors & country store), Toney Ryno (president, grant writing, & parade), Susie Carroll (VP in charge of Quilt Show plus insurance), Nancy Benguerel (secretary, in charge of door prizes & helps with country store), Pat Davis (helps with country store, flowers at park, & more), Chiyanna Tolton Brooks (t-shirts, poster printing, & more), Brittany Dye (applications & more), Emily Gazin (kids games, bouncy house, & more), Alicia Hawkins (entertainment), Robert Cannon (entertainment), Sandra Bourland (advertising), Maria Vargas (race director) with the help of Alex Temple, & our newest

(Cont'd on page 11)

Where's the Beef? (Cont'd from page 7)

addition Brie Koon who just volunteered. We thank all who support our festival in one way or another and there have been many over the years. There are others who just help with certain events but don't attend meetings and we appreciate their efforts too! People like Pat Farrell and Shane Stevenson who do our announcing and also Jace Geer for keeping the Water Trough Races going. Mike Carroll, Ross Ryno, and the dorm kids are always there to make sure things get set up at the park and taken down after the big event which is no small task. It truly takes an army of community members to pull off this fantastic festival day!

While there are no upcoming fundraising events for the remainder of this year, Susie Carroll and Toney Ryno have been diligently writing and submitting grants to secure funding for next year's event. Sponsorships from entities like the Hamel Family Foundation/Six Shooter Ranch, OCF (Oregon Community Foundation), and the Wheeler County Cultural & Heritage Coalition have been instrumental in the festival's success. New sponsorships, like those from Crestview Home Inspections and Asher Community Health Center, have further contributed to the event's growth.

For those interested in supporting the Painted Hills Festival, please note that it operates as a nonprofit under

the entity known as Wheeler County Communities Inc. Donations can be made by writing checks payable to "Painted Hills Festival" and sending them to PO Box 101, Mitchell, OR 97750. Your contributions are greatly appreciated.

Unusual Find

Back in early June of this year, this young man brought this "Crushed Baseball" into the shop. He is very proud of it, as you can see! Not only is it a crushed baseball, but a plant (a weed) is growing out of it. This is his special treasure he found on a road close to Mitchell.
