## SKILL SETS EXPOSURE

### WHAT DO KIDS LEARN?

#### Coding Proficiency

Your child will master the fundamentals of Python, HTML and CSS

#### Analytical Skills

With an exposure towards Baal ganit (Analytical Maths), your child will get a strong foundation in mathematical concepts.

#### Creative Thinking

Your child will develop a unique perspective through art-infused creative projects like clay modelling, pottery, resin art, etc..

#### Game Development

Your child will be able to design and code their own interactive game and launch it on a web portal.

#### GraphoWriting

Your child will develop a unique pattern of handwriting that helps them in developing better memory power and a positive attitude.

#### Web Design

Your child will be able to design and publish their own web page by learning concepts of web page design.

DETAILED  
CURRICULUM WILL BE  
SHARED  
POST ADMISSION
