

B.VOC INTERIOR DESIGNING PROGRAM

*Welcome to Hanbit School of
Advanced Learning*

Our Story

At Hanbit School of Advanced Learning, we specialize in Interior Designing education, offering the B.Voc in Interior Designing course. Affiliated with Arni University our program is designed to provide students with both theoretical knowledge and practical skills essential for a successful career in interior design. We offer online and offline learning options, and students receive certificates via DigiLocker for secure, easily accessible credentials. Join us to shape your future in the world of interior design.

Program Overview – Your Path to Success!

Our B.Voc Interior Designing program offers a flexible and structured learning path that leads to industry-recognized certifications at multiple levels. Based on the National Skills Qualification Framework (NSQF), students can earn:

- **Diploma (1 Year) – NSQF Level 5**
- **Advanced Diploma (2 Years) – NSQF Level 6**
- **B.Voc Degree (3 Years) – NSQF Level 7**

Each certification is awarded under the prestigious UGC recognized University ensuring academic excellence and industry relevance.

Choose your level, enhance your skills, and step into a bright career in Interior Designing!

Learn by Doing

UGC Recognized University Certificate: Get certified by a top-tier university.

Site Visits: Gain practical awareness by visiting projects of Hanbit's associated firms.

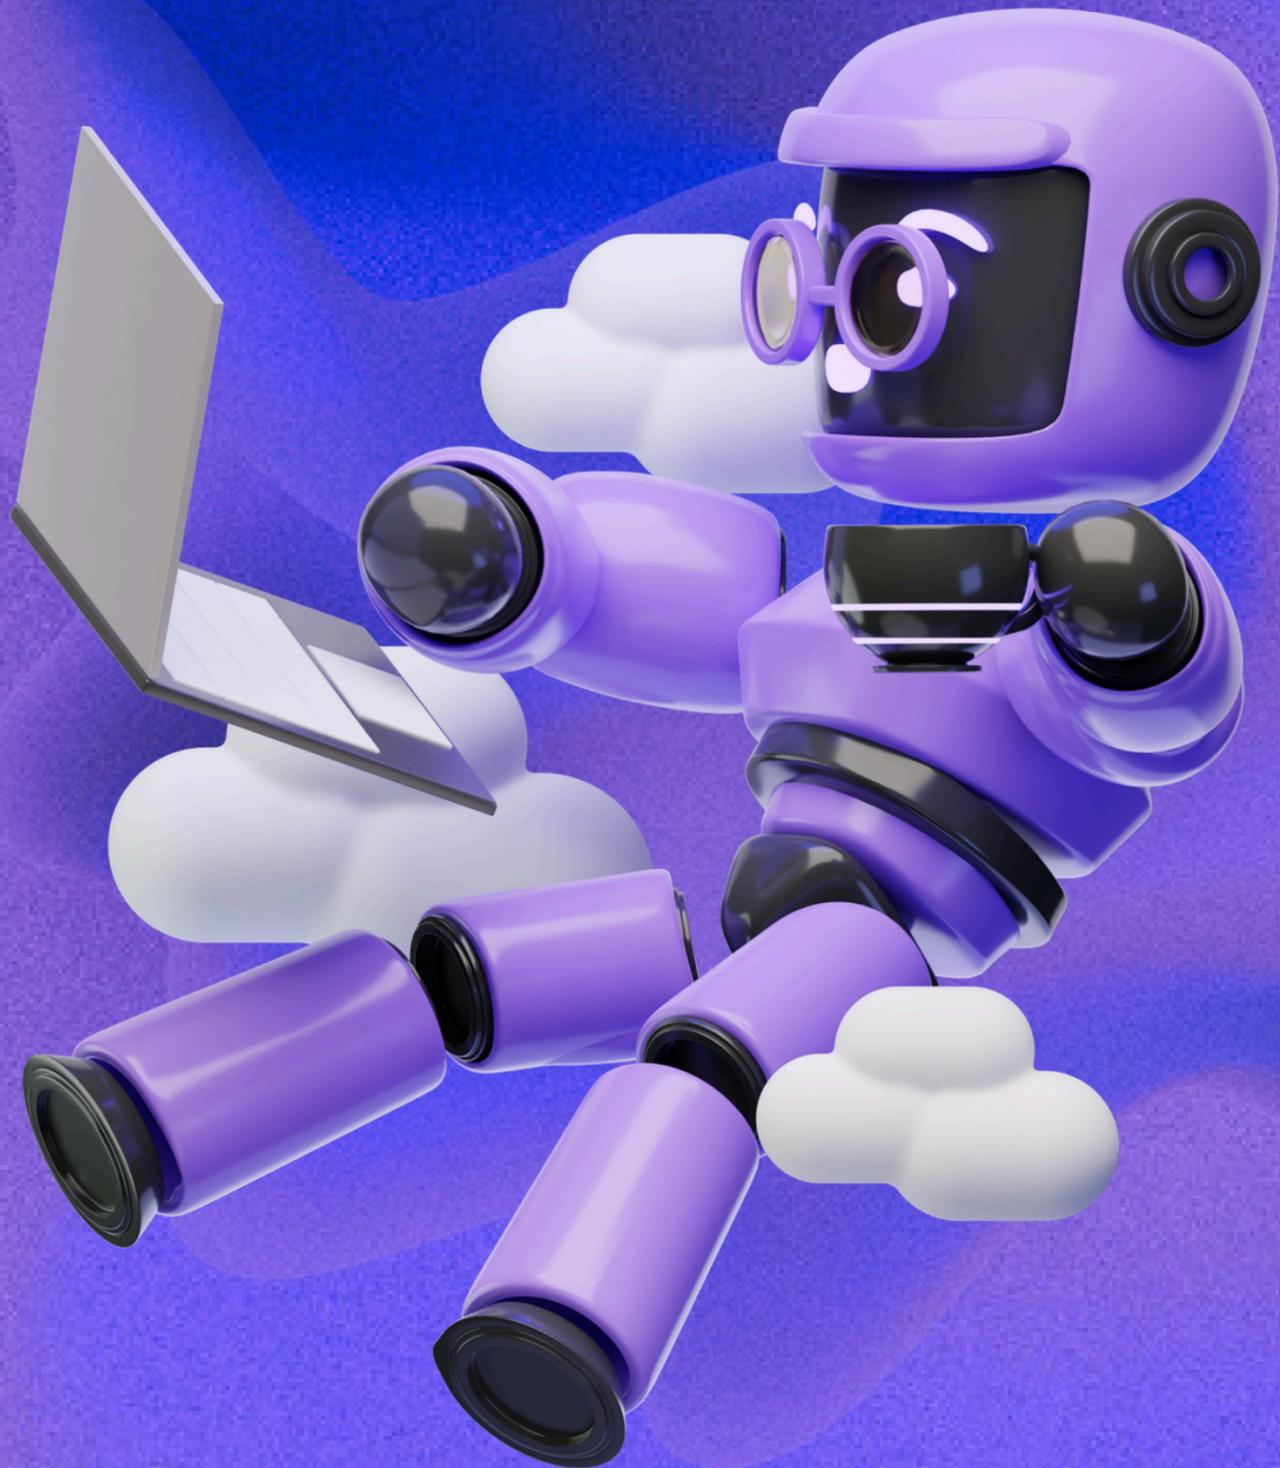

Master Key Tools: Become proficient in AutoCAD, Lumion, SketchUp etc

DigiLocker Integration: Access your certificate anytime, anywhere.

What Makes Hanbit Stand Out?

- **Scholarships That Reward Your Talent** – We recognize excellence! Avail our maximum scholarships for meritorious students and make your dreams a reality.
- **Globally Recognized Certification** – Earn a prestigious UGC recognized university certificate that opens doors worldwide.
- **Master Industry-Leading Software** – Get trained in Lumion, SketchUp, AutoCAD, and more, equipping you with cutting-edge skills for a competitive edge.

Bridging Academics with Industry

- **Real-World Learning at Live Work Sites** – Experience hands-on training with exclusive site visits, bridging the gap between theory and reality.
- **Internship Opportunities (1-2 Months)** – Gain valuable industry exposure through professional internships, building a strong foundation for your career.
- **Certification from Renowned Architects** – Enhance your credibility with recognized certification for hands-on practical experience.
- **Placement Assistance & Career Guidance** – Step confidently into your future! We connect you with top firms, job opportunities, and entrepreneurial support.

Your Future, Your Way! – Whether you join a firm, land a dream job, or launch your own startup, we stand by you at every step.
