4. Two Friends
5. Cosmic Train
6. Effervescence
7. Denizens
8. Play Zone
9. Hidden
10. Stray

## **About This Series**

These drawings are presented as a sequence of visual encounters. Each one emerged through a sustained practice of mark-making, guided by presence, spatial rhythm, and attention to form. Figures and structures appear without narrative intention, but may suggest relationships, tensions, or familiar echoes. Seen together, they offer a field of perception — shifting between stillness, motion, and density.
