

RABBIT EXHIBITION REALITY CHECKLIST

TEMPERATURE

- IS THE RABBIT AREA UNDER 85°F?
- IF IT'S OVER 90°F... ARE WE PRETENDING THAT'S FINE?
- WOULD YOU SIT IN THAT BARN FOR 8 HOURS?

CAGES & FLOORING

- DO RABBITS HAVE A SOLID PLACE TO REST (NOT JUST WIRE)?
- ARE FEET PROTECTED FROM CONSTANT PRESSURE POINTS?
- IF YOU HAD TO STAND ON IT BAREFOOT... WOULD YOU?

AIRFLOW & SETUP

- ARE FANS CREATING AIRFLOW, NOT JUST MOVING HOT AIR AROUND?
- IS THE BARN COOLER THAN OUTSIDE—OR SOMEHOW WORSE?
- ARE ANIMALS MONITORED? DO WE KNOW WHAT TO LOOK FOR?

REALITY CHECK

- WOULD YOU PUT YOUR OWN PET RABBIT IN THIS SETUP?
- IF SOMETHING GOES WRONG, IS THERE A PLAN—OR JUST HOPE?
- ARE CONDITIONS BEING PREVENTED OR JUST REACTED TO?
