Company Profile

# Laila Mas Energy

## PART OF THE LAILA MAS GROUP FAMILY

From Amman, Jordan, Laila Mas Group has been shaping global trade and consulting solutions since 2015. As a boutique firm, it operates across multiple sectors, including petroleum and petrochemical brokerage, project-financing brokerage, professional training and development especially German-language training — and luxury European women's fashion.

Through its specialized division, Laila Mas Energy, the group focuses exclusively on the energy, petroleum, and petrochemical industries—facilitating international trade and fostering sustainable partnerships worldwide.

Laila Mas Energy acts as a trusted intermediary, connecting global suppliers, buyers, and investors, enabling seamless trade, financing, and growth across international markets.

# DISCOVER

## LAILA MAS ENERGY

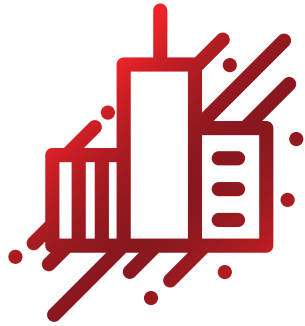

Laila Mas Energy operates as the specialized division of Laila Mas Group, focusing on the brokerage and facilitation of petroleum, gas, petrochemical, and industrial products, while also acting as a trusted intermediary in project financing for large-scale ventures

We connect verified refineries, producers, and end-buyers across the world, ensuring transparent, compliant, and efficient trade operations.

Our distribution and logistics network spans key international hubs —Rotterdam (Netherlands), Jurong (Singapore), Fujairah (UAE), Houston (USA), Qingdao and Ningbo (China) — enabling flexible and timely delivery options on both FOB and CIF bases.

With a commitment to quality assurance, documentation transparency, and operational reliability, we ensure that every transaction reflects the highest international standards of trade and compliance.

## OUR VALUES

---

### **Integrity**

Conducting every deal with honesty and accountability

### **Transparency**

Maintaining clear communication and verified docs.

### **Reliability**

Ensuring consistency, precision, and timely delivery

### **Partnership**

Building long-term relationships, not one-time deals

### **Excellence**

Continuous improvement and professional precision

## OUR VISION

---

To be a trusted regional and global partner bridging industries, resources, and energy — empowering businesses through reliable connections, transparent practices, and intelligent trade solutions.

At Laila Mas Energy, we aim to redefine the role of energy brokerage by transforming it into a strategic partnership that delivers real, lasting value.

## OUR MISSION

---

Our mission is to simplify and secure international trade in energy and petrochemical markets by connecting verified opportunities with genuine buyers and suppliers.

We strive to ensure every transaction is driven by integrity, compliance, and performance excellence — supporting sustainable growth across global markets.

- FOB & CIF petroleum trade facilitation
- Tank-to-tank operations and terminal oversight
- Product verification & compliance documentation (SGS, POP, TSR, etc.)
- Global Project Funding Brokerage
- Market intelligence, risk analysis & due diligence

## Global Project Funding Brokerage

We connect qualified large-scale projects with top global financiers. Through our extensive network of over 30 international banks and financial institutions, we provide access to funding for projects across key sectors, including Oil & Gas, Energy, Real Estate, Industrial, Transportation, Medical, Recreational, Mega Projects, and Business Refi & Expansion.

Our services include full project consultancy, structuring, and advisory support, ensuring every project is optimally positioned to secure the necessary capital. To access funding, projects must provide an SBLC or Bank Guarantee issued by the top 10 global banks, along with complete corporate documentation.

By partnering with us, project owners gain strategic guidance, access to world-class capital, and a dedicated brokerage team committed to turning projects into fully bankable and successful ventures.

## Compliance & Certifications
