- & **Note:** Work directly with a high-profile leader in Texas public health; includes visits to DHR Hospital, Behavioral Center, Retention Center Recommended

# HYBRID ROTATION PROGRAM

(Between Observership, Hands On Externship and Sub-Internship)

## 1. Texas Tech University Health Sciences Center, Lubbock, TX

- **Setting:** UMC (University Medical Center)
- **Nature:** Hands-on outpatient with potential for inpatient depending on performance
- **Note:** Strong performers can convert to Hands-On Externship or sub-Internship experience
- Rotations customized by involvement level

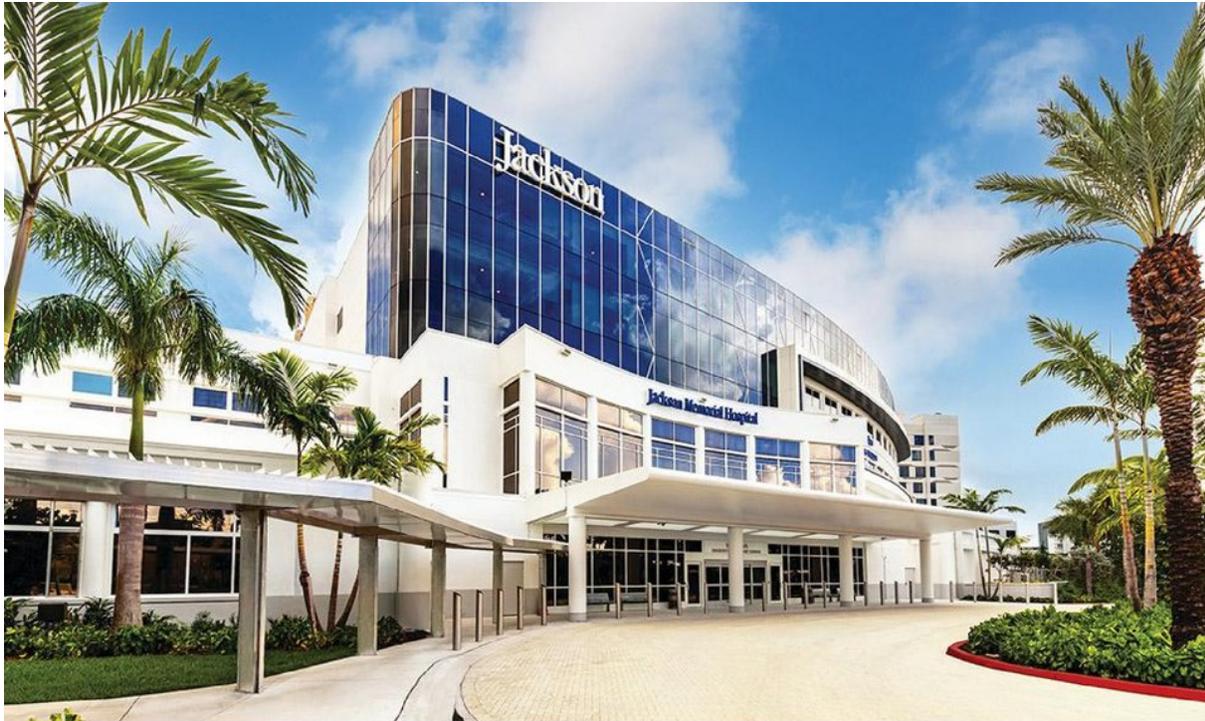

## 2. University of South Carolina – Interventional Cardiology / Cardiology

- & **Setting:** Inpatient and outpatient cardiology services, including observation and participation in interventional procedures in cath labs, consultations, and outpatient clinics.
- & **Nature:** Hybrid program between observership, hands-on externship, and sub-internship.
- & **Experience:** Strong performers may elevate the experience to a full sub-I or hands-on externship depending on involvement and physician feedback. -
- & **Rotation Customization:** Tailored based on candidate's engagement and professionalism
- & **Letterhead:** LOR and certificate will be issued on PRISMA Health letterhead (PRISMA manages the clinical operations of University of South Carolina-affiliated hospitals and physicians)

# OBSERVERSHIP (Non-Hands-On)

## 1. University of Miami – William Harrington Program (Florida)

- & **Note:** Extremely competitive, usually reserved for Latin American physicians
- & **Availability for IMGs:** Only through direct reference by alumni.
- & **Wait Time:** Minimum 6 months from application, Applications provided & guaranteed placement

# EXTERNSHIPS (Hands-on Clinical Rotations – Outpatient)

## 1. Lasante Comprehensive Care Center (Brooklyn, NY)

- & **Setting:** Outpatient-based comprehensive care facility (not a typical clinic — offers multidisciplinary services across Internal Medicine, Pediatrics, OB-GYN, Dental, and Primary Care)
- & **Departments Available:** Internal Medicine, Primary Care, Pediatrics, OB-GYN, Family Medicine
- & **Type:** Structured outpatient rotation under attending physicians
- & **Key Faculty:** Alumni of Cook County, faculty affiliate & professor of IM at SUNY Downstate Medical Center, renowned for mentorship and U.S. residency placement
- & **Notable Advantage:** Acts as one of the primary outpatient feeders to SUNY Downstate Medical Center; annually contributes to 3–4 successful internal medicine matches at SUNY Downstate
- & **Peer Learning:** Rotations often occur alongside 8–10 U.S. and international students, enhancing collaborative learning
- & **Note:** While this is an outpatient setting, the rotation's impact on SUNY Downstate residency placement makes it uniquely valuable compared to traditional outpatient experiences.

## 2. Ascension Resurrection Medical Center, (Chicago, IL)

- & **Setting:** Outpatient-based
- & **Departments:** OB GYN & Pediatrics
- & **Perks:** 4 weeks, with certificate of completion & strong LOR from University affiliated faculties
