With a global reach, we have successfully trained over 2000 professionals and parents in the last two years, making a positive impact across the globe.

ABOUT PROGRAM

ABA Therapy Training focuses on understanding and applying evidence-based behavioral strategies to improve learning, communication, and daily living skills in individuals with developmental challenges. This training equips participants with practical techniques to encourage positive behaviors, reduce challenging behaviors, and strengthen social and adaptive skills. It emphasizes data-driven interventions, consistent reinforcement, and structured support to promote meaningful behavior change, independence, and overall quality of life.

FACULTY

Mrs. Mahalakshmi Shanmugam Kavitha

Psychologist & ABA Practitioner , Certified Special Educator in Autism, Diploma in Early Intervention by HANNEN, Canada. Founder Director –Sankalp Special Child Centre

This program is divided into modules that cater to every important key point regarding ABA Therapy. It is presented in an unbiased manner, but within clinical context limits. You are allowed to practice under supervision of our BCAB Licensed Practitioner or may start own therapy unit under supervision. While our programs are crafted by renowned experts with strong clinical and practical experience, they are primarily designed for knowledge and skill enhancement. Please ensure you refer to the licensing guidelines and regulations of your country for clinical practice or certifications if you plan to pursue therapeutic practice professionally

Key Features:

- Low Tuition Fee and option to pay in installments as well.
- you have unlimited lifetime chat support at no extra costs, ever and can repeat the program.
- a printed certificate of course completion shall be provided upon successful completion of the program.
- expert help is always available to you if you get stuck or have a question in live classes or through whatsapp group, email or 1 on 1 call.
- study material and e-books shall be shared for detailed study.
- recorded class link upon request for one time view , in case if you miss a session

HOW TO ENROLL

Embarking on your learning journey with JKP Care Foundation is simple and seamless. If you're inspired to take the next step toward enhancing your skills or supporting children with special needs, we are here to guide you. To begin the enrollment process, simply reach out to our dedicated Admission Counselors. Our team will walk you through every step — from understanding the right course for your goals, to clarifying eligibility, schedules, and fee payment options — ensuring you make an informed and confident decision. Join us and be a part of a global movement of compassionate and skilled professionals making a real difference.

What You Will Learn:

- Core Concepts of ABA
- Behavior Assessment
- Skill Development Techniques
- Reinforcement Strategies
- Social & Communication Skills
- Challenging Behavior Management
- Parent & Therapist Collaboration
- Ethical & Professional Practice
- Generalization and Maintenance

By the end of your ABA training, you'll be equipped to design, implement, and monitor behavior-based intervention programs tailored to children and adults with Autism and other developmental concerns. You'll become a vital support system for families seeking structured, evidence-based therapy.

“Empowering Individuals through Applied Behavior Analysis”

Testimonials

Tantri Chen - SINGAPORE

Dear Mdm Mahalakshmi Kavitha Shanmugam and Classmates,

As we come to the end of this course, I wanted to take a moment to express my heartfelt gratitude.

To Mam Kavitha, thank you for your dedication, guidance, and insightful teachings throughout this course. Your passion for the subject has inspired us all, and I truly appreciate the time and effort you've invested in helping us grow. Your support has made this journey both enlightening and enjoyable.

To my classmates, it's been a pleasure learning alongside each of you. The shared discussions, ideas, and perspectives have enriched my understanding of the material and made this experience all the more rewarding. I'm grateful for the camaraderie and encouragement we've offered each other, and I hope we can stay connected as we continue on our paths.

Thank you all once again for making this course an unforgettable experience. Wishing everyone the best in their future endeavors!

Rakesh Kumar - Delhi

ABA therapy training help me with practical implications and strengthened us with hands on experience dealing with various problems in working with children

Nilambari Kuldeep Karoshi - Pune

The course is useful for all the parents and caregivers of children with special needs. It's became easier for us to handle our children and to teach them in the manner in which they can understand.

Do you want to witness the happiness of learning ABA Techniques?
