ABOUT PROGRAM

Behaviour Modification Training focuses on understanding and applying structured, evidence-based techniques to identify, shape, and modify behaviors in individuals with developmental and behavioral challenges. This training equips participants with practical strategies to promote positive behaviors, reduce maladaptive behaviors, and enhance social, emotional, and adaptive functioning. It emphasizes systematic observation, reinforcement principles, and consistent intervention planning to support sustainable behavior change, improved independence, and better quality of life.

Testimonials

R.S., Delhi

I completed the Behaviour Modification Training (BMT) conducted by JKP Care Foundation, and it was a very practical and insightful program. The sessions helped me understand behavior patterns clearly and taught effective techniques to manage them. The training has been extremely helpful in both my personal and professional life.

Rahul Yadav

The Behaviour Modification Training by JKP Care Foundation provided clear concepts and real-life applications. I gained confidence in handling behavioral challenges and learned structured methods that actually work. I would definitely recommend this training to parents and professionals.
