LTTA in Reunion, France

A bright, sunny day at a school. In the background, a large, multi-story brick building with many windows serves as the school. The foreground is a green lawn with a winding concrete path. Several large, leafy trees are scattered throughout the scene, casting shadows on the grass and path. Numerous students are present: some are sitting on wooden benches, others are standing and talking in small groups, and a few are walking along the path. The students are dressed in casual school attire, including t-shirts, shorts, and backpacks. The overall atmosphere is lively and positive.

Identifying Misinformation

created by the Music School of Komotini, Greece

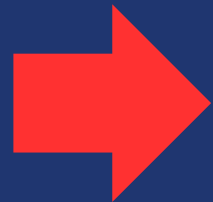

Truth or Rumor?

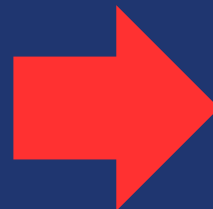

Your Reaction Matters!

Imagine this...

- You get a message in your class group chat:
“Exams are cancelled! Official announcement!”

- You check Instagram and see a photo of a student council
candidate vaping behind the school.

What do you do ?

Hit “forward” ?

Tell your friends ?

Believe it right away or check the facts ?

What You Need to Do:

1. Watch both role play scenarios carefully.

PAY ATTENTION TO:

- What the characters believe
- What they do and say
- What the consequences are

2. After each scene:

- Work in small groups
- Discuss and answer the reflection questions on Padlet (QR code)
- Share your thoughts with the class

**"Look, that's Giannis,
he's running for student council...
and he's **VAPING**?!
Seriously now?! 😡"**

FINAL REFLECTION

Today, you've seen how easy it is to **make a mistake online** - even without bad intentions.

☞ You've also seen that one person can **stop the spread of a lie** - by asking a simple question: "Is this true?"

☞ You don't need to be an expert to be responsible. You just need to **slow down and think.**

YOUR CLICK HAS POWER. USE IT WISELY.

THANK YOU
