

# Blended Learning Emergency Care Training

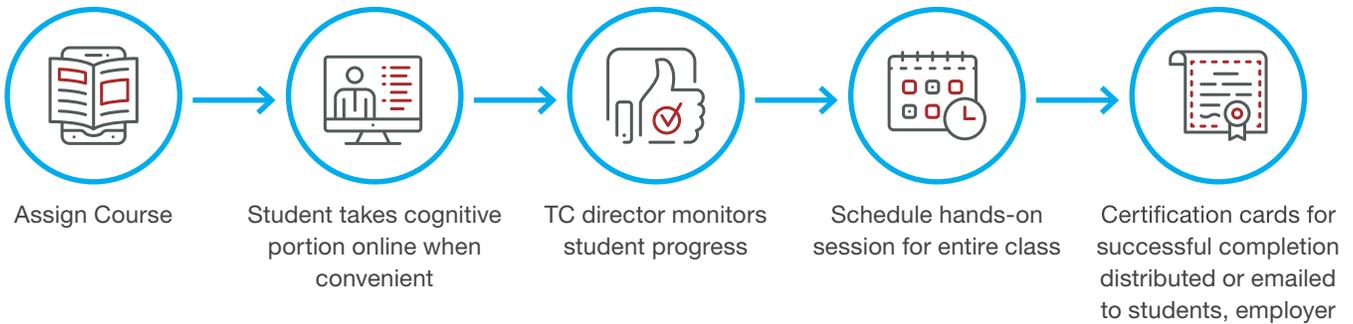

Blended learning is a perfect combination of online content and in-person skills sessions that make scheduling and administering your CPR, AED, and first aid compliance training easy.

## MRJ Strategy

## How It Works

## Why Try Blended?

### EMPLOYER BENEFITS

Offers flexible, convenient scheduling

Saves money and improves productivity by reducing class time and keeping workers on the job

Certification cards available in print or digital formats

User-friendly LMS tracks, notifies, and maintains records

### STUDENT BENEFITS

Self-directed study appeals to adult learners

24/7 access to course content

Memorable, easy-to-understand video learning that helps build confidence

Face-to-face skills sessions from authorized instructors for critical hands-on practice

Scenario-based skills sessions put skills in real-life context
