STATEMENT OF CONFORMANCE

Power of Sultan Security Services and Private Guards Ltd (PSS) is committed to the establishment, implementation and continual improvement of a Security Operations Management System aligned with ISO 18788:2015 (Security Operations Management Systems), ANSI/ASIS PSC.1:2022 (Management System for Quality of Private Security Company Operations), UN Guiding Principles on Business and Human Rights and The Montreux Document and the International Code of Conduct for Private Security Service Providers (ICoCA).

Our Leadership Commitment

Senior management accepts full accountability for the effectiveness of the SOMS and provides the leadership, resources and oversight required to ensure safe, lawful and ethical security operations across all activities. The SOMS is fully integrated into our business strategy, operational planning and day-to-day decision making.

Compliance and Ethical Security Operations

PSS is committed to operating in full compliance with Iraqi laws and licensing requirements, client contractual obligations and international standards and human rights principles. We promote responsible use of force, anti-corruption practices, and ethical conduct across our organisation and supply chain.

Risk-Based Approach

We operate a risk-based approach to security service delivery, ensuring risks to clients, personnel, communities and stakeholders are identified, assessed and managed to prevent undesirable or disruptive events.

People, Competence and Responsibility

We ensure personnel are properly vetted, trained and competent to perform their roles and understand their responsibilities within the SOMS. All employees are expected to uphold our policies, values and professional standards.

Communication and Transparency

We maintain open and accessible channels for complaints and grievances, whistleblowing and reporting concerns and stakeholder engagement and feedback. All concerns are handled confidentially and investigated appropriately.

Continual Improvement

We monitor performance, conduct audits, review our objectives and implement corrective and preventive actions to continually improve the effectiveness of our Security Operations Management System.
