

## Mentor's Report

*To the Shareholders of Klarita t/a Dr Sunshine*

*For the period ended 8th April 2026*

I have acted as Mentor to Klarita t/a Dr Sunshine throughout its participation in the JA Malta Company Programme and have provided ongoing guidance to the team in relation to financial management, operations, and governance.

While the financial statements have been prepared by the Company and reviewed externally for presentation purposes, I have overseen the processes supporting the underlying financial information. Based on my involvement, I confirm that appropriate documentation was maintained for all purchases and that transactions were recorded and monitored throughout the trading period.

The team demonstrated a structured and disciplined approach to financial management, including the use of supporting records, tracking of revenues and expenses, and regular internal review of performance against targets. Particular attention was given to cost control, inventory management, and the implementation of a pre-purchase sales model to manage cash flow effectively.

To the best of my knowledge, and based on the information made available to me, the financial statements provide a reasonable reflection of the Company's activities and financial performance for the period under review..
