

The Founder Studio

by Clarity and Ledger

PROGRAM OVERVIEW

Where your foundation is built.

Welcome!

The Clarity & Ledger Founder Studio is a premium hybrid business development experience designed to help founders build a legitimate, professional, and revenue-ready business foundation.

This is not a motivational program.

This is a structured studio-style experience built for execution. Founder Studio was created for founders who are ready to stop piecing business ownership together and start building with clarity, systems, and strategy from day one.

The Founder Studio Mission

Founder Studio exists to help founders build businesses that are:

- *structured correctly*
- *financially organized*
- *professionally branded*
- *operationally prepared*
- *positioned to grow and scale*

Our goal is simple: clarity, execution, and elevation

Program Outcomes

By the end of Founder Studio, you will have:

- ✓ a legally structured business foundation*
- ✓ a clear business identity and positioning*
- ✓ a polished brand presence*
- ✓ a website and professional email*
- ✓ a real offer and pricing strategy*
- ✓ financial tracking systems installed*
- ✓ a 30-day launch plan ready to execute*
- ✓ confidence and structure as a founder*
- ✓ a community of founders and trusted resources*

- *Pitch Night showcase and graduation experience*

Important Note About Business Expenses

The Founder Studio is designed to help you build your business correctly and professionally from day one. As part of business ownership, founders should expect to invest in standard business setup tools and fees.

The Founder Studio provides the guidance, structure, and execution support—while founders are responsible for paying third-party costs directly.

This ensures every founder can choose tools that match their budget, business needs, and long-term goals.

*Business Expenses
Founders Pay Separately*

*Depending on your business level and your state,
founders may need to pay for:*

*State & Legal Filing Fees
Domain + Website Expenses
Email + Communication Tools
Accounting + Business Tracking Tools
Marketing + Automation Tools
Virtual Address | Business Presence*

Founder Studio includes direct guidance and access to a preferred Virtual Address Partner.

Virtual address services are optional and paid separately

Registered Agent

Registered agent services are not included in Founder Studio enrollment. However, founders will receive education and vetted partner recommendations for selecting a registered agent based on their business needs.

The Value

Founder Studio is not about giving you a list of steps.

It's about ensuring those steps get completed with structure, accountability, and expert guidance—so your business is built correctly from the beginning. The Founder Studio is where foundations are built.

Ready To Apply?

Founder Studio is designed for founders who are ready to build their business with intention and execution.
