Founder

Our Commitments

DeCoconue International is a premium supplier and exporter of high-quality coconut products from Indonesia. Backed by local agricultural expertise and strict quality management, we deliver the natural goodness of Indonesian coconuts to the global food and baking industries, with a primary focus on the East Asian market.

Our Values

-  Quality
-  Sustainability

-  Innovation
-  Community

Vision

To become the leading and most trusted global bridge for premium Indonesian coconut.

Mision

Delivering 100% natural and safe products to international buyers.

Our Products

DeCoconue
PREMIUM DESICCATED COCONUT

Desiccated Coconut High Fat Medium

Medium granules of coconut that retain natural coconut fibers, giving a premium crunchy texture and visual profile.

Best Applications:

Pastry toppings, chocolate bar fillings, coconut flakes, and traditional confectionery coatings.

Fat Content: 65%±2%.

Our Products

DeCoconue
PREMIUM DESICCATED COCONUT

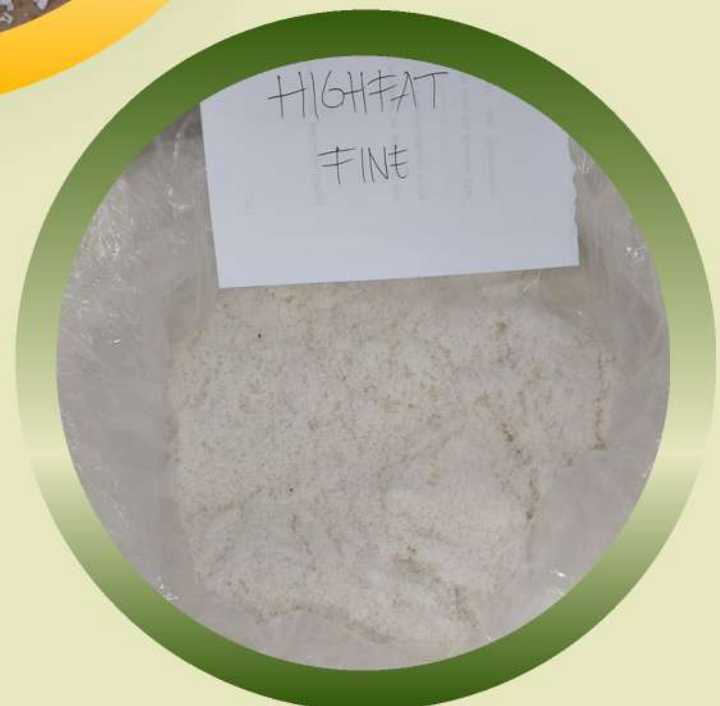

Desiccated Coconut High Fat Fine

Fine granules of coconut with high natural aromatic oil retention. Perfect for consistent distribution of rich flavor in baking dough.

Best Applications:

Premium nougat (雪花酥), cookies, biscuits, and high-end bakery inner doughs.

Fat Content: 65% \pm 2%.

Our Products

DeCoconue
PREMIUM DESICCATED COCONUT

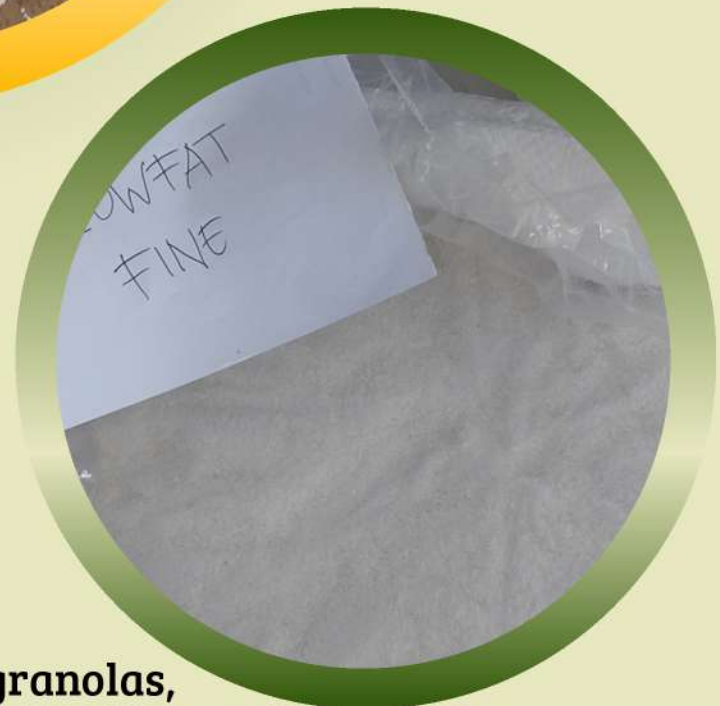

Desiccated Low Fat Fine

Light, non-greasy fine granules of coconut. Delivers a gentle, sweet coconut aroma with reduced fat and calories.

Best Applications:

Healthy fitness meal-preps, premium granolas, oatmeal blends, and low-calorie energy balls.

Fat Content: 25%-30%.

Our Products

DeCoconue
PREMIUM DESICCATED COCONUT

Desiccated Coconut Low Fat Extra Fine

Ultra-milled, fine powder-like texture designed for seamless solubility and flawless mixing in mass food production lines.

Best Applications:

Fitness food manufacturing, dietary bakery pre-mixes, gluten-free formulations, and healthy snack powder bases.

Fat Content: 25%-30%.

PREMIUM DESICCATED COCONUT

Palm Kernel Expeller (PKE)

Beyond our premium coconut lineup, DeCoconue supplies high-grade Palm Kernel Expeller (PKE), a valuable by-product of palm kernel oil extraction. Rich in bypass protein, crude fats, and essential fibers, our PKE serves as an exceptional, highly digestible energy source widely demanded by the global livestock, dairy, and poultry feed industries.
