Daisher presented information regarding the Goodwill contract, total cost of transportation and that there has not been an increase or updated contract since 2015.

Daisher informed the board that Goodwill was prepared to provide some of their own transportation if LPTA could not reduce the price of transportation.

Daisher asked the board for guidance as she would be meeting with Goodwill on Friday, January 30 to further discuss the increase in transportation cost.

Much discussion took place and a **Motion was made by Clint Brugger** to set up a meeting with the new CEO/President of Goodwill and discuss the cost, and proposal of the increase in cost to Goodwill per person. We propose increasing the cost to \$7 per person each way but we could settle for an increase to \$6 with conversation that the cost will continue to increase that we will discuss on an annual basis. **Supported by Nathan Owen.**

It was agreed that partnering with Goodwill to help promote a millage for LPTA would be beneficial.

Motion to adjourn meeting at 2:34 pm by **Russ Amo. Supported by Nathan Owen.**
