"Music for Music Lovers"

ABOUT TUSKER

Formed in 2023, Tusker brings together the talents of guitarist and songwriter Jon Evans and vocalist Kat Jones. Drawing on backgrounds that span folk, rock, metal and professional live performance, they create original music rooted in honest storytelling, emotive melodies and rich acoustic arrangements.

Jon's distinctive fingerstyle guitar work combines technical skill with a deep love of folk and acoustic music, while Kat's powerful husky vocals—honed through more than fifteen years as a professional singer—bring warmth, character and authenticity to every performance.

Together they craft songs inspired by life experiences, human connection and the music that has shaped their journeys. The result is music that resonates with listeners long after the final note.
