

# Vincent Romanus Ani

Technical Project Manager & Systems Architect  
Nigeria | Available Globally

| +234 7032395922  
| anivincen88@gmail.com

## Professional Profile

Versatile and results-driven Project Manager with over 12 years of multi-disciplinary experience spanning ICT infrastructure, 3D Visualization, and Automated Security Systems. Proven track record in leading end-to-end technical deployments from complex 3D modeling and software logic to physical installation of Smart-City infrastructure. Expert in bridging the gap between business management objectives and field technical execution.

## Core Competencies

Category	Skills & Technologies
<b>3D Graphic Modeling</b>	Autodesk Maya, Keyshot (5+ years)
<b>Security &amp; Access Control</b>	Barrier Gates, Turnstiles, Magnetic Door Locks, CCTV, Smart Door Locks, Motion Detectors (5+ years)
<b>Development &amp; UI/UX</b>	Mobile & Web Development, UI/UX Design, Database Logic, APIs (3+ years)
<b>Network Administration</b>	Fiber Optics, LAN, P2P Wireless, Routers, Switches, Access Points (4+ years)
<b>Renewable Energy</b>	Solar Power System Installation & Configuration (3+ years)
<b>Automation &amp; Hardware</b>	Smart Home Automation, IoT, Sliding Gate Installation, Computer Hardware Repair (6+ years)

## Professional Experience

### Project Manager

U-World Digital LLC | *Present*

- Leading high-stakes ICT and security infrastructure projects, managing the full lifecycle from conceptual design to field commissioning.
- Coordinating multi-disciplinary teams to install smart home automation, automated gates, and comprehensive surveillance systems.
- Ensuring operational compliance with Health, Safety, and Environment (HSE) standards across all job sites.

# Technical Systems Lead

## Field Experience | 5+ Years

- Digital Design: Autodesk Maya, Keyshot, UI/UX Design.
- Security Systems: Barrier Gates, Turnstiles, Smart Locks, CCTV, Motion Detectors.
- ICT & Networking: Fiber Optics, P2P Wireless, Router/Switch Configuration, System Admin.
- Development: Mobile/Web Apps, Database Logic, API Integration.
- Maintenance: 6+ years in advanced computer hardware repair and diagnostics.

## Project Highlights

Project Category	Project Details & Locations
Smart Infrastructure & Security	Barrier & Sliding Gate Automation (with 3D Visualization): U2 Hotel, Warri & Olorunsogo Power Plant (2025)  Tactical Conference Room Setup: Ugborikoko Divisional Police HQ, Warri (2024)  CCTV Installation: Transcorp Power Plant, Ughelli (2023)  Smart Door Lock Installation: Warri Refinery (2023)  Legislative Sound System: Oshimili South L.G.A HQ, Asaba (2022)
Energy & Renewable Solutions	5kVA Solar Power System Deployments: Multiple Residential & Commercial sites, Warri (2024)
Software & ICT Development	Hotel Management Web App & Web Design: DM Hotel and Suites, Warri (2025)  ICT Center Installation: Pius Malaka Foundation, Aviara (2026)

## Education & Certifications

### Academic Qualifications

- **Postgraduate Diploma (PGD) in Management** – Ahmadu Bello University (ABU), Zaria (In Progress)
- **Higher National Diploma (HND) in Business Administration & Management** – Kogi State Polytechnic, Lokoja (2014)

## Professional Certifications

- HSE Level 1, 2, & 3
- First Aid Certification
- Manual Handling Certification

## Personal Details

- **Nationality:** Nigerian
- **Gender:** Male
- **Relocation:** Open to global opportunities
- **Date of Birth:** December 4, 1993
