## About Company

Maurya Interiors is a professional interior and facility service provider operating across Gurugram, Noida, and the Delhi NCR region.

We specialize in commercial interior projects, including gypsum partitions, false ceilings, office fit-outs, painting, plumbing, and renovation works. Our team has successfully executed projects for reputed organizations such as Acuity Knowledge Partners, BMW, and iLabs Information Technology Centre, as well as 51 Mall.

While our primary focus is corporate and commercial interiors, we also undertake selected residential interior and renovation projects. At Maurya Interiors, our commitment is to deliver high-quality workmanship, timely project completion, and dependable service that meets client expectations.

# How We Work

## Requirement & Site Inspection

We begin by understanding the client's requirements and conducting a detailed site visit to evaluate measurements, layout, and project scope.

## Planning & Quotation

Based on the site inspection, we prepare a proper work plan and provide a clear quotation including materials, labor, and timeline.

## Project Execution

Our experienced team carries out the work professionally, ensuring quality materials, skilled workmanship, and smooth coordination.

## Quality Check & Project Handover

After completion, we perform a final inspection to ensure quality standards and hand over the project to the client within the agreed timeline.

**Our Trusted**

**Clients**

Maurya Interiors has successfully delivered projects for reputed organizations across Gurugram and the Delhi NCR region. Some of the organizations we have worked with include:

- **Acuity Analytics**
- **BMW**
