

DHANDHANYA FOUNDATION

FOUNDATION OF SPREADING HAPPINESS

DHANDHANYA FOUNDATION

“

our organization was founded with a clear purpose to bring positive change through education, Woman empowerment, and sustainable development. We believe that real transformation begins when people are given the right support, resources, and opportunities to stand on their own feet.

”

INTRODUCTION

Dhandhanya Micro Service Foundation was founded on 2nd February 2022 with a vision to create positive and lasting change in society. Based in Dehradun, our foundation works at the grassroots level to support communities through meaningful social initiatives.

We are committed to promoting education, women empowerment, and social welfare activities. We believe that education is the foundation of a better future, women empowerment is key to strong families and communities, and social welfare ensures dignity and support for those in need.

VISION AND MISSION

Dhandhanya Foundation vision is a society where learning and growth are possible for everyone.

We believe true development begins with equal access to education, empowerment, and essential support systems.

- **Empower through Education:** Make education and learning opportunities accessible to children and youth.
- **Women Empowerment:** Support women through skill development, awareness, and opportunities for self-reliance.
- **Foster Livelihoods:** Encourage sustainable income opportunities through training, support, and financial guidance.
- **Promote Social Welfare:** Work towards improving social welfare and community support systems.

OUR INITIATIVES AND EFFORTS

- **Education & Empowerment**
- **Empowering Education for a Brighter Future | Creativity Beyond Sight** : Through the CSR support of ONGC, we implemented our education project to provide better learning opportunities to children in need, ensuring access to quality education and learning resources. We also organized a drawing competition at a blind school to encourage creativity, confidence, and inclusive learning among visually impaired students.
- **Environmental Responsibility**
- **Green Steps for a Sustainable Tomorrow**: On World Environment Day, we conducted a tree plantation drive with active participation from volunteers and the local community to promote environmental awareness and sustainability. This initiative reflects our commitment to a cleaner and greener future.
- **Animal Welfare & Compassion**
- **Care for Cattle | Protecting Stray Animals**: We visited a local Gaushala and provided nutritious fodder to cows to support their well-being and care. Additionally, we conducted a vaccination drive for stray dogs to ensure their health and prevent the spread of diseases, promoting a safer environment for both animals and people.

PARTNERSHIP AND COLLABORATIONS

We believe that meaningful change is achieved through strong partnerships and collective efforts. Dhandhanya Micro Service Foundation collaborates with local communities, volunteers, institutions, and like-minded organizations to strengthen impact and reach more people. Together, we work towards sustainable development, shared responsibility, and long-term social progress.

JOIN US IN MAKING A DIFFERENCE

Real change begins when people come together with compassion and purpose. Every effort, big or small, supports education, women empowerment, and social welfare, helping build a brighter and more inclusive future together.

- **Volunteer With Us:** Share your time, skills, and passion to support our programs and community activities.
- **Donate:** Contribute financially to help fund education, empowerment, and welfare initiatives.
- **Partner With Us:** Collaborate as an organization or individual to strengthen our reach and impact.
- **Spread Awareness:** Help us grow by sharing our mission within your network and community.
