HOW TO PICK THE RIGHT BUSINESS

NOT EVERY BUSINESS IS RIGHT FOR EVERY PERSON.

The best business is not always the one making the most money. The best business is usually the one that matches your interests, skills, personality, and goals.

Many successful entrepreneurs started by turning something they already enjoyed into a business.

1. WHAT DO YOU ENJOY?

Think about activities you naturally enjoy doing.

Examples:

- Gaming
- Drawing & Design
- Photography
- Sports
- Animals
- Teaching Others
- Music
- Technology

People are often willing to pay for things you already enjoy.

2. WHAT ARE YOU GOOD AT?

Every skill has value. Ask yourself:

- ✓ What do people compliment me on?
- ✓ What do friends ask me for help with?
- ✓ What comes naturally to me?

Examples:

- Communication
- Creativity
- Teaching
- Technology
- Helping Others
- Organization
- Leadership

3. WHAT PROBLEMS CAN YOU SOLVE?

Successful businesses solve problems. Look around your community and ask:

- Do people need pet care?
- Do neighbors need lawn help?
- Do students need tutoring?
- Do businesses need help with social media?
- Do families need event assistance?

The more problems you solve, the more opportunities you create.
