WHAT IS AI?

AI IS A TOOL. NOT MAGIC.™

AI (Artificial Intelligence) is technology that helps computers learn, understand, and make helpful suggestions.

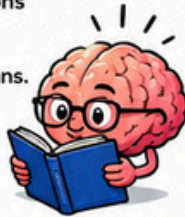

Think of AI as your super smart assistant!

AI helps people work **smarter, not harder!**

1. WHAT AI IS

- ✓ AI stands for Artificial Intelligence.
- ✓ It's technology that can learn from information and make predictions or suggestions.
- ✓ AI doesn't think or feel like humans. It follows patterns and data.
- ✓ AI gets better the more it learns.

2. HOW STUDENTS USE IT

AI can help you every day with:

- ✓ Homework
- ✓ Research
- ✓ Writing
- ✓ Studying
- ✓ Brainstorming Ideas
- ✓ Learning New Skills
- ✓ Organizing Tasks
- ✓ And much more!

3. CREATIVE USES

AI can help you:

- ✓ Create art and designs
- ✓ Write stories and scripts
- ✓ Make music and songs
- ✓ Edit videos and photos
- ✓ Design flyers and logos
- ✓ And unleash your creativity!

4. PROBLEM SOLVING

AI helps you:

- ✓ Save time and energy

5. INNOVATION

AI is creating the future!

- ✓ Smarter apps
- ✓ Better healthcare
- ✓ Cooler gadgets
- ✓ Self-driving cars
- ✓ Space exploration
- ✓ And so much more!

THE AI LEARNING PROCESS

1. ASK

You ask a question or give a task.

2. LEARN

AI looks at tons of information and finds patterns.

3. UNDERSTAND

AI understands the information and what you need.

4. CREATE

AI gives you helpful answers, ideas, or solutions!

6. BEGINNER FRIENDLY

You don't need to be a tech expert to start using AI.

- ✓ Start small
- ✓ Be curious
- ✓ Ask questions
- ✓ Practice every day
- ✓ Learn and have fun!

7. FUTURE CAREERS

AI skills can open doors to amazing careers!

- ✓ AI Engineer
