Innovative & Collaborative

Digital Infrastructure, Enterprise Technology & Energy
Solutions Company

ABOUT OUR COMPANY

ABOUT DOMTECH

DOMTECH is a digital infrastructure, enterprise technology, and energy solutions company based in the Democratic Republic of Congo (DRC) and a member of the  WAYACOM Group.

DOMTECH was established as a multi-sector digital infrastructure, enterprise technology, and energy solutions company, delivering integrated connectivity, enterprise ICT, power, and renewable energy platforms for governments, enterprises, and industrial sectors.

DOMTECH designs, builds, and maintains fiber optic networks, telecom towers, enterprise ICT infrastructure, power systems, renewable energy platforms, and mission-critical facilities for mobile network operators, ISPs, enterprises, public institutions, and industrial clients.

BRINGING IDEAS AND INNOVATION
TO LIFE THROUGH TECHNOLOGY

VISION

To be the driving force in reshaping Africa's digital future, connecting hearts, minds, and possibilities across the continent.

MISSION

To advance sustainable livelihoods through innovative technology solutions.

OUR VALUES

- 01 **Innovation :** Embracing cutting-edge technologies to deliver groundbreaking solutions.
- 02 **Integrity:** Upholding the highest ethical standards in all our endeavors.
- 03 **Collaboration:** Partnering with clients, stakeholders, and communities to achieve shared success.
- 04 **Empowerment :** Enabling individuals and organizations to thrive through reliable connectivity.

WHAT WE DO

DOMTECH designs, builds, and maintains integrated infrastructure ecosystems that combine connectivity, enterprise technology, and energy solutions.

Our approach blends engineering excellence, strong local insight, and strategic partnerships to deliver infrastructure that enables digital access, economic growth, operational resilience, and long-term value.

**Fiber Optic Deployment
& Maintenance**

**Telecom Tower Construction
& Managed Services**

Energy & Power Solutions

Enterprise Digital Solutions

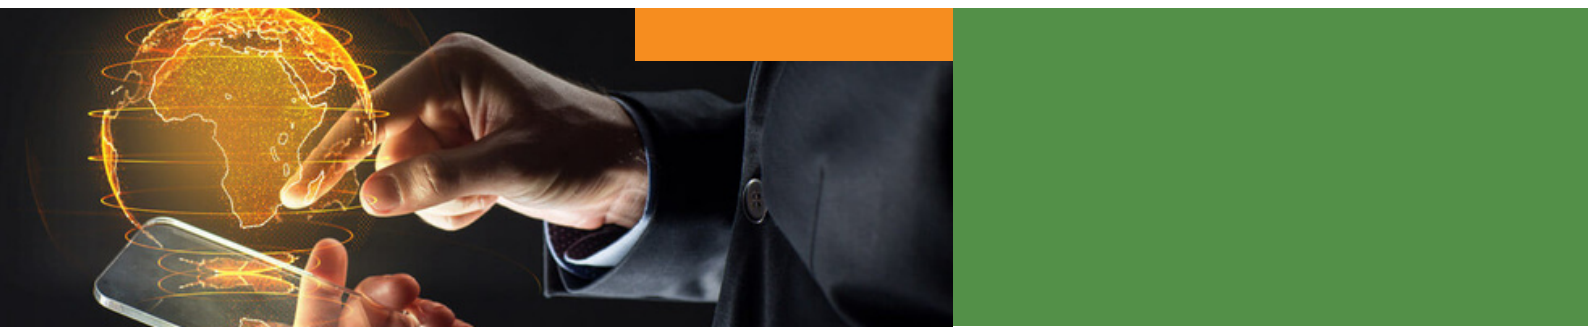

**Digital Infrastructure
Consultancy**

General Construction Services

DOMTECH CORE SERVICES

1. TELECOMMUNICATIONS INFRASTRUCTURE & ENGINEERING

- **Fiber optic networks** - design, deployment & Maintenance for Long Haul, Metro and FTTx.
- **Telecom towers** - Acquisition, design, Civil works, Solar, Collocation, Radio, transmission, and network equipment deployment and Maintenance.
- **Mission-critical facilities** - Network rollout, modernization, and maintenance

3. STRATEGIC CONSULTING

- Digital infrastructure strategy.
- Energy transition and sustainability strategy.
- Telecom and connectivity strategy
- Business case development and investment planning
- Market entry and expansion planning

2. ENERGY & POWER SOLUTIONS

DOMTECH delivers scalable, resilient, and grid-ready energy solutions supporting digital infrastructure, enterprises, and sustainable growth.

Capabilities include:

- Utility-scale and commercial solar PV systems
- Grid-connected, hybrid, off-grid, and mini-grid solutions
- Renewable energy integration for telecom, industrial, and enterprise facilities
- Battery Energy Storage Systems (BESS) and hybrid power solutions (solar + generator + storage)
- POE4 smart battery solutions for residential and enterprise applications, with intelligent monitoring and control
- Mission-critical backup power systems
- Smart power monitoring and energy optimization platforms

4. ENTERPRISE DIGITAL SOLUTIONS

DOMTECH has technical capacity to deliver end-to-end enterprise technology solutions across key sectors including:-

Financial Services

- Secure connectivity and private enterprise networks
- Data center and disaster recovery infrastructure
- Cybersecurity and compliance infrastructure deployment

Education

- National and campus connectivity infrastructure
- Smart campuses and smart classroom infrastructure

Healthcare

- Hospital ICT infrastructure and connectivity
- Secure health data infrastructure
- Backup power for critical healthcare facilities

Mining & Heavy Industry

- Private LTE / private networks for mining operations
- Industrial connectivity and automation infrastructure
- Remote site connectivity and workforce communications
- Mission-critical infrastructure for remote environments

Other Solutions provided by DOMTECH

Physical Security and smart Infrastructure

- CCTV and video surveillance systems
- Access control and perimeter security
- Integrated security infrastructure for telecom, enterprise, and industrial sites

Our Projects In DRC

BRINGING IDEAS
& INNOVATION
TO LIFE THROUGH
TECHNOLOGY

TELECOMMUNICATION PROJECTS.

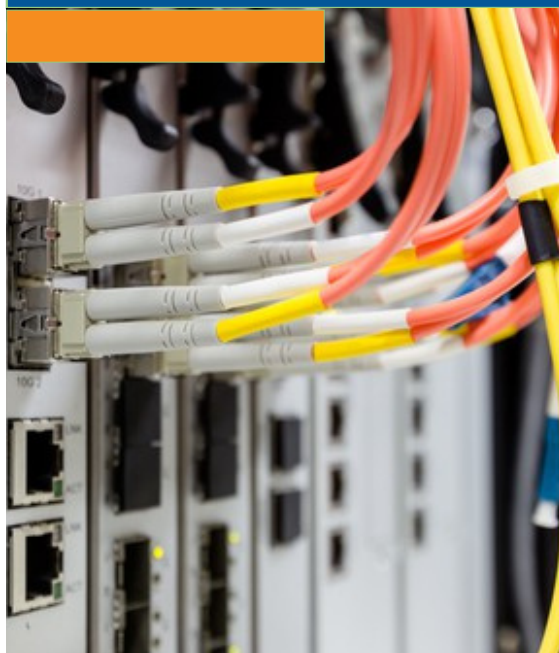

- Tower Civil work Projects
- Tower Network Equipment installations
- Design and Implementation of 300kms Metro & FTTH fiber projects.
- FTTH design and implementation
Raga Backbone Project Phase Kinshasa
-

CIVIL WORKS PROJECTS

- Construction of Arkab Fuel Depot with storage capacity of 2 Million Litres.
- Construction of KOGS Fuel Depot with storage capacity of 6 Million Litres.
- Shelter & Fencing Construction
- Supply of over 2000 Treated Wooden Poles in Kinshasa and Lubumbashi for Variuos customers.

SECURITY SYSTEM AND EQUIPMENT INSTALLATION

- Provision of managed services for security,power and Fiber Solutions for
- various industries.

Certificate of Registration

THIS IS TO CERTIFY THAT THE
Quality Management System of
Domtech Congo S.A.R.L.

No. 78, Avenue Kasavubu, Lubumbashi, DR Congo

has been independently assessed and is compliant with the requirements of

ISO 9001 : 2015

For the Following Scope

Telecommunication Engineering, Fiber Deployment and Maintenance, Tower Construction and Maintenance,
Equipment Installation.

Certificate No. : **TQC-25-11-7896**

Issue Date: 20th November 2025

Expiry Date: 19th November 2028

1st Surveillance on or before:

2nd Surveillance on or before:

19th November
2026

ENGINEERING TOMORROW, TODAY

At DomTech, we are at the forefront of innovation, shaping the future of telecommunications with our expertise in network design, implementation, and maintenance. Our commitment goes beyond technological advancements; we are dedicated to upholding the highest standards of Environmental, Social, and Governance (ESG) principles, ensuring sustainable, responsible business practices that benefit both our clients and the world we inhabit.

Environmental Responsibility:

At DomTech, we recognize the urgent need to address environmental challenges and minimize our impact on the planet. Through strategic initiatives and investments, we are continuously working to reduce our carbon footprint and promote sustainability. From utilizing energy-efficient technologies in our network infrastructure to implementing eco-friendly materials and practices in our operations, we are committed to preserving the environment for future generations.

Social Impact:

We believe in the power of diversity, equity, and inclusion to drive innovation and create positive change. At DomTech, we foster a culture of respect and equality, where every individual is valued and empowered to reach their full potential. Our commitment to social responsibility extends beyond our workforce to the communities we serve. Through philanthropic initiatives and community engagement programs, we strive to make a meaningful difference in the lives of others, contributing to a more equitable and inclusive society.

Occupational Health and Safety:

The well-being of our employees is paramount at DomTech. We maintain rigorous occupational health and safety standards to ensure a safe and healthy work environment for all. Through comprehensive training programs, regular safety assessments, and ongoing support, we prioritize the physical and mental health of our team members. By fostering a culture of safety consciousness and accountability, we aim to prevent accidents and injuries, promoting a workplace where everyone can thrive.

Governance Excellence:

Integrity, transparency, and accountability are the cornerstones of our governance framework at DomTech. We operate with the highest ethical standards, adhering to regulatory requirements and best practices in corporate governance. Our governance practices are designed to promote fairness, honesty, and ethical decision-making at every level of the organization, earning the trust and confidence of our stakeholders.

OUR TEAM IS OUTSTANDING

Our visionary team of engineers and industry experts, from experience the fields of geospatial technology, civil engineering and telecommunications network design and implementation, converge with a shared fervor to advance our vision of a connected and empowered Africa. Driven by a steadfast adherence to health and safety protocols, our commitment to creativity, innovation, efficiency, and exemplary project management skills forms the cornerstone of our approach.

With a wealth of collective experience, we stand ready to support our customers in achieving their project goals. Leveraging our expertise, we navigate the intricate landscapes of telecommunications engineering with precision, ensuring seamless integration and optimal performance.

Our dedication to excellence extends beyond technical prowess; it encompasses a culture of collaboration, where every member's voice is valued and every idea welcomed. We foster an environment that encourages bold thinking and imaginative solutions, driving progress and propelling our clients towards success.

At the heart of our endeavors lies a deep-rooted passion for making a tangible difference in the communities we serve. We recognize the transformative power of connectivity and are committed to harnessing it for the betterment of Africa and its people.

Together, with unwavering determination and a relentless pursuit of excellence, we embark on this journey to shape a brighter, more connected future for Africa and beyond.
