Controlling Fluids
is our **Expertise...**

www.kartarvalves.com

Since
1972

Sluice Valves
Non Return Valves
Foot Valves
Strainers

Sluice (Gate) Valves

KARTAR Sluice valves are result of constant research for a better and user-friendly product & they are manufactured under strict quality control of our technically expert staff and state of the art machinery. They are used for varied range of applications, fluids, pressures and temperatures.

Sluice Valve (Non Rising)
K 501, 502, 503, 504

OS&Y TYPE (Rising Stem)
K 505, 506

Sluice Valve (Extra Strong) PN20
K 504-X, 504-XX

with add on Accessories

Sluice Valve with Gear

Sluice Valve with Electric Actuator

Sluice Valve with Locking Arrangement

Other Accessories Available • **Extension Stem** • **Position Indicator** • **Back seat Arrangements**

Rising Stem

Non Rising Stem

OVERALL DIMENSIONS (in mm)

Size	Distance Flange to Flange	Size of Handwheel	Height center to top
