WE MADE IN ITALY

ITALIAN CREATIVITY

We support Made in Italy and Italian creations. No one doubts the immense contribution by the Italians to art and creativity and their influence until today. The Renaissance with artists such as: Michelangelo, Botticelli, Leonardo Da Vinci - to name a few. We want to bring La Dolce Vita to all bathroom styles.

TECHNOLOGY

DueGi technology improves your experience through reducing your water requirements through water saving technology. We want to increase the functionality of our mixers and make more comfortable your water experience. Check our website www.rubduegi.it to be always updated about our improved Technology.

DESIGN

We cooperate with Italian renewed designers for many years to produce the most elegant shapes to enrich the style of your bathroom.

QUALITY MADE BY DUEGI

PRODUCTION

DueGi is synonymous with durable quality products in exceptional design because, from raw material to finished products, every stage of the production process is carefully checked and monitored.

STANDARD REQUIREMENTS

Continuous tests by high skilled quality Management ensure top product and service quality in DueGi factory.

GUARANTEE

Our products have 5 Years guarantee. Offering our customers the highest quality at all times is a fundamental part of the DueGi company philosophy.

ABOUT DUEGI

BRAND HISTORY

Founded in 1991, being able to anticipate the trends of design and to propose innovative, unique, beautiful, functional solutions attentive to the environment Rubinetterie DueGi has grown over the years to become a landmark for bathroom mixers, shower and accessories.

Rubinetterie DueGi is today more than ever proud of its Italian Design. While its roots are in Italy, its vision, however, is also focused abroad: the Company currently distributes to several countries, including the Middle East (UAE and Saudi Arabia) where DueGi's presence in five stars hotels and buildings is rapidly growing.

DUEGI PHILOSOPHY

The Quality starts with the Art. The Art of Italian know-how, developed through years of experience in production and design. Italian Language is known for its vivid sonority and musicality and DueGi wants to express the same harmony and elegance of the Italian culture in its mixers to allow everyone to have the Italian style in their bathroom.

Throughout the manufacturing and management process DueGi produces top quality. The full production cycle is undertaken in compliance with all environmental and safety regulations. After the polishing and plating processes, all the pieces are assembled one by one, and tested to guarantee the high quality of our products.

Since 1991 DueGi philosophy has always been the same: design, produce, test, certify, deliver and take care of every detail of production. As a leader in supplying bathroom taps and accessories, using the latest technology system in the production process, DueGi endeavours to be at the forefront of technological and design changes.

CERAMIC CARTRIDGE

DueGi products use only the highest quality ceramic cartridges made in Italy by S.T.S.R. Srl. The ceramic cartridge technology is the heart of modern mixer taps and S.T.S.R. ceramic cartridges carry many approvals including WRAS, DVGW, QQC (Origin & Quality Certified).

SUSTAINABILITY AND WATER EFFICIENCY

For optimum flow control with efficient water and energy saving features DueGi products use NEOPERL flow regulators and flow control devices as standard on products. NEOPERL is a world leading provider of flow control and this technology is integrated into the unique design of DueGi.

PRODUCT PERFORMANCE

Our production are hand inspected and tested to the highest industry standards. As a result we offer durable products with uncompromising performance year after year.

CERTIFICATIONS

SASO

All products are tested prior to export and are in compliance with the approved Technical Regulations and / or standards in the Kingdom of Saudi Arabia.

ESMA

DueGi bathroom and kitchen products have obtained the certificate for achieving and adhering to the efficient water controlling regulations. The certificate also validate that our organisation implements a high standard management system along with our products.

WRAS

DueGi products have been granted full WRAS approval. The purpose of WRAS is to contribute to the protection of public health by preventing contamination of public water supplies and encouraging the efficient use of water by promoting and facilitating compliance with the Water Supply (Water Fittings) Regulations.

PREMIUM MATERIALS

Meticulous selection of raw materials and advanced ceramic disks allow us to deliver premium products. The DueGi team from engineering to manufacturing work with the aim at sourcing the best material available in the market and to produce the best quality that the customers deserve.

SAVING WATER

Our mixers and showers save up to 30% more water while still meeting performance standards.

FLOW OPTIMIZED AERATORS

In addition, to maintain rinsing efficiency, DueGi restricts flow to use less water. It's a system with a simple add-on that can make any mixer compliant with many program certification standards. DueGi mixer makes a big impact both functionally and aesthetically.

THINK FINISH FIRST

Mixer finish is an important design element that once was overlooked. But the new DueGi technology for the kitchen and bathroom have made the mixers an important feature. Before receiving their surface finishing treatments, the taps are given a flawless clean and polish so that the coatings adhere perfectly. The protection from chemical agents offered by DueGi chrome-plating and brass-coating, the purity of silver-plating, all guarantee reliability and exceptionally durability.

D-ECO

DueGi **D-Eco** Technology uses up to 30% less water with a pressure lower than 6 L/min, less than conventional products – without losing comfort, you will reduce your water consumption and energy cost.

D-CLEAN

Regular water flow in the mixers and the top selection of the raw materials allow DueGi to create a surface easy and quick to clean. DueGi **D-Clean** Technology allows a better shower spray when showering, long product life and functionality.

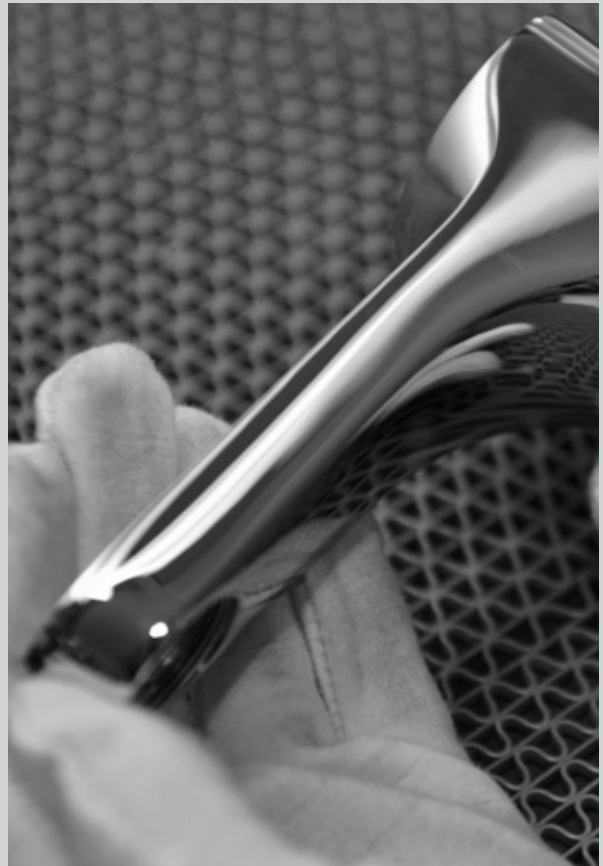

D-AIR

DueGi **D-Air** Technology improves your showering experience through reducing your water requirements while make more fun your shower moments adding air to the flow, enjoying with the multijet models: cascade, relax and normal.

D-COMFORT

DueGi **D-Comfort** makes your mixer more comfortable and increases functionality through the height of the mixer. DueGi has increased the space available between spout and base to allow you more comfort while you wash your teeth, feet or hair.

BATHROOM COLLECTION

Our collections suggest numerous design styles, from timeless classics to exciting italian modern styles.

Either if you have a small space or a personal home spa, DueGi Rubinetterie can deliver the Italian style to your bathroom living.

From modern lines to round silhouette, there is a style to match every interior and budget, our ranges are available in a number of styles to mix every need.

KITCHEN COLLECTION

Italy is famous for the kitchen and its warmth and function are an essential part of everyday family life in the home.

Through many years of experience in creativity and design DueGi has created a new range of Italian kitchen mixers for the UK market. So whether your kitchen design is for fun, family, friends or work, DueGi will help you create the ideal space.

DUEGI PROFESSIONAL LINE

For your contemporary kitchen you want a tap that looks good and works hard.

The DueGi Professional Line has striking industrial styling that will enhance any space. It fits easily onto island units or underneath wall-mounted cupboards, offering you total layout flexibility.

The spout turns a full 360° to reach every corner of your sink, while the professional spray is ideal for cleaning veg, filling pots and even switching across a double sink. Isn't it time you took control of your kitchen like a true professional?

DUEGI HERITAGE LINE

There is something about the design of traditional kitchen taps that just never goes out of style and our DueGi Heritage range of classic kitchen taps is testament to that.

The traditional styling of our taps is coupled with the latest tap and ceramic cartridge technology and quality features such as real ceramic handles to give your kitchen a timeless feel and the DueGi guarantee ensures that you are buying a quality, long-lasting product.

DUEGI DESIGN LINE

With Italian flair and creativity DueGi Design Line is a range of stylish forms to add new dimensions to your designer kitchen.

Bold with strong lines and beautiful with stylish shapes make your statement and explore your creativity with these beautiful kitchen pieces.

DUEGI ESSENTIAL LINE

Looking for functionality as well as an attractive design? This kitchen range is your obvious choice. It incorporates a variety of convenient features clad in an elegant look: its high spout is perfect for filling or rinsing tall pots, and with a choice of three swivel settings (0°/150°/360°), it provides maximum flexibility for all your kitchen tasks.

Temperature and flow control are smooth and effortless thanks to the DueGi ceramic cartridge.

Finished in chrome, it is wonderfully easy to clean and will retain its stunning lustre for many years to come.

“

YOUR HOME SHOULD TELL
THE STORY OF WHO YOU
ARE AND BE A COLLECTION
OF WHAT YOU LOVE.

”

Nate Berkus
Interior Designer

With such a wide range of DueGi products, you will need elegant marketing displays to INCREASE your Sales and open NEW BUSINESS OPPORTUNITIES.

DueGi Displays will give to your showroom an italian touch. You will be able to customize it to make sure you meet your customer expectations.

The following Sale Display Points are offered to our Customers to help them to optimize the space in the showroom:

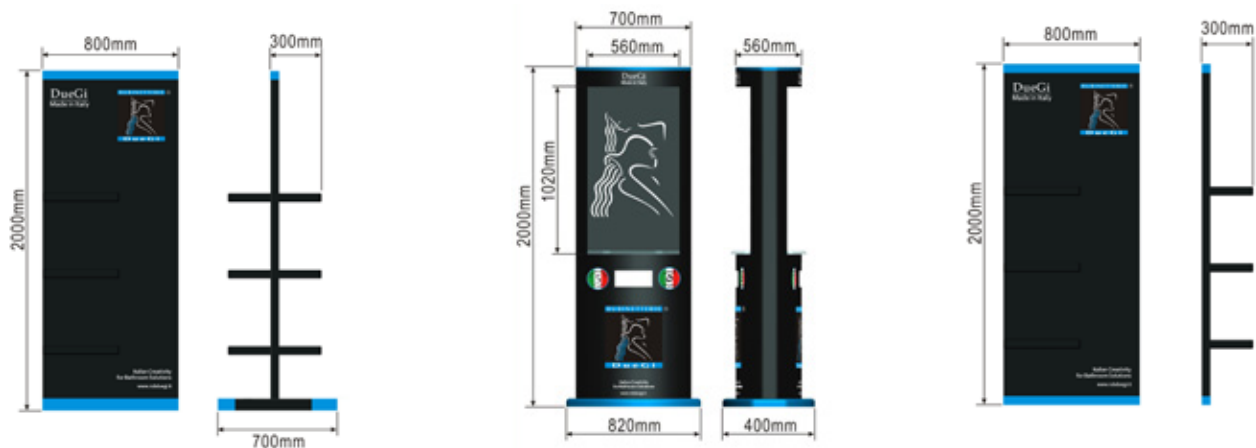

WASH BASIN DISPLAY PLATE

BATH MIXER DISPLAY PLATE

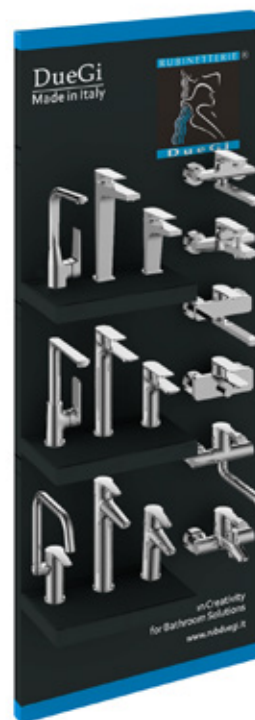

TABLE TOP DISPLAY

6-SERIES FREESTANDING DISPLAY

4-SERIES FREESTANDING DISPLAY

3-SERIES WALL DISPLAY

INTRODUCTION

The following terms of sale and delivery apply to all deliveries from this company except where an alternative agreement has been established.

ORDERS

All the orders are subject to the confirmation by our Firm therefore we are not committed to deliver any goods ordered until you receive an order confirmation from us.

By sending the order confirmation the customer will automatically accept the sale terms here stated by our Company.

LITERATURE, CATALOGUES

Technical information and illustrations in catalogues, leaflets, etc, are subject to alteration and amendment without prior notice.

SHIPMENT

Unless otherwise agreed in writing, articles are sold ex works, and according to the commercial terms in force, we will arrange to make the relative transport agreement for your account charging you the costs of transport. Unless it has been agreed in writing to the contrary, the date at which the risk is transferred is fixed according to the international rules of interpretation of commercial expression (INCOTERMS) made out by the international Chamber of Commerce, valid at the time of acceptance of the order.

DATE OF DESPACH

We engage ourselves to deliver the goods purchased by you according to requests made in your orders sent to us, in any case, except different agreements, the effective date of delivery will be communicated by order confirmation. DueGi will not anyway be responsible towards the buyer for any consequential losses due to late despatch.

PRICES

Articles are normally supplied at the prices stated in quotations or order confirmations. In case it will be verified a price increase of raw-materials, or labour before the date of dispatch, we reserve the right to automatically adjust the prices.

RETURNED GOODS

Articles may only be returned with our permission and on a carriage paid basis after deduction of 35% on the invoiced price. In the case of non standard articles or articles that have deteriorated in their condition since delivery, we reserve the right to make deductions.

GUARANTEE

Articles shown to have manufacturing defects can be returned to our Company without the deductions contained in their previous point. However the guarantee stops to be valid one year after the date that the article has been taken into use.

The guarantee is only valid in case the defect is due to faulty workmanship and has not been subjected to mishandling, poor maintenance, neglect or other abnormal conditions causing wear and tear. The guarantee is strictly limited to the replacement of the defective part only and no liability or responsibility is accepted for loss or damage to persons, other equipment, goods or property, loss of production time, profit or any other loss without written agreement.

FORCE MAJEURE

The company cannot take responsibility for delays, cancellations or other problems resulting from conflict or other similar circumstances, for which the parties are not in control such as fire, war, or unforeseen military action, confiscation, currency restrictions, revolts and disturbances, or lack of means of transport.

The company will inform the buyer the reasons of eventual delay or event which had caused the cancellation of the order. The delivery will remain suspended during the period in which the case of Force Majeure takes place.

In case this condition persists for six months, each part will have the right to cancel the sale.

ARBITRATION

The rights and the duties of the parts following to the sales will be settled by the Italian law. For any dispute it is agreed that the exclusively competent Court is the one of Brescia.

INTRODUZIONE

I seguenti termini di vendita e di consegna sono validi per tutte le spedizioni da questa Società tranne nei casi in cui siano già stati presi accordi diversi per iscritto.

ORDINI

Tutti gli ordini sono soggetti all'approvazione della nostra Società e quindi non ci impegnano alla consegna del materiale ordinato. La conferma dell'ordine comporta per il cliente l'accettazione delle condizioni di vendita indicate dalla nostra società.

OPUSCOLI, CATALOGHI

Le informazioni tecniche e le illustrazioni nei cataloghi, volantini, possono essere soggette a cambiamenti e correzioni, senza preavviso.

SPEDIZIONE

Salvo accordi diversi presi per iscritto, gli articoli sono spediti franco vettore stabilimento e, conformemente agli usi commerciali in essere, provvederemo direttamente a stipulare il relativo contratto di trasporto per Vostro conto con addebito fattura. A meno che non siano stati presi accordi scritti diversi, la data di trasferimento rischi viene fissata in base a regole internazionali di interpretazione di espressioni commerciali (INCOTERMS) emanate dalla Camera di Commercio Internazionale, valide all'atto di accettazione dell'ordine.

DATA DI SPEDIZIONE

Ci impegnamo ad effettuare le consegne dei beni da voi acquistati in conformità alle indicazioni poste negli ordini da Voi inviatici: in ogni caso, salvo diversi accordi, la data d'effettiva consegna Vi verrà comunicata a mezzo conferma d'ordine. DueGi non sarà comunque responsabile nei confronti dell'acquirente per qualsivoglia perdita dovuta a ritardi nella produzione.

PREZZI

Gli articoli vengono generalmente offerti ai prezzi indicati nei preventivi o nelle conferme d'ordine. Nel caso in cui si dovesse verificare un aumento dei prezzi delle materie prime, del costo del lavoro o della manodopera, prima della data di spedizione fissata, i prezzi verranno modificati.

RESI

Gli articoli possono essere restituiti solo con la nostra autorizzazione preventiva e franco destino, deducendo il 35% del prezzo fatturato. Nel caso di articoli non standard o articoli che al momento della restituzione mostrano un deterioramento rispetto alla loro condizione al momento della nostra consegna, ci riserviamo il diritto di richiedere ulteriori detrazioni.

GARANZIA

La merce che presenta difetti di produzione può essere resa alla nostra Società senza le detrazioni indicate nel punto precedente. La garanzia scade un anno dopo la data in cui l'articolo è stato utilizzato la prima volta. La garanzia è valida solamente a condizione che il difetto sia dovuto all'errata lavorazione o al materiale difettoso e non sia invece causato da un utilizzo errato, dalla cattiva manutenzione, dalla trascuratezza o da qualsiasi altra causa anomala che ne provochi il logorio o il deterioramento. La garanzia è limitata solo ed esclusivamente alla sostituzione della parte difettosa e non ci assumiamo nessuna responsabilità per perdite o danni a persone, beni o proprietà diverse a danni per perdita di produzione, del profitto, o qualunque altra perdita a meno che non siano stati presi accordi diversi.

FORZA MAGGIORE

La società non si assume responsabilità di ritardi, annullamenti, o altri problemi che dipendono da conflitti di lavoro, o altre simili circostanze indipendenti dalla volontà delle parti come incendi, guerre, chiamate alle armi impreviste, requisizioni sequestri, disposizioni valutarie restrittive, rivolte e disordini, mancanze di mezzi di trasporto. A tal fine la società comunicherà per iscritto all'acquirente le cause dell'eventuale ritardo o dell'evento che ha dato luogo all'annullamento dell'ordine.

La consegna e/o l'adempimento rimarrà sospeso durante il periodo in cui avrà efficacia la causa di forza maggiore.

Comunque, trascorsi i sei mesi di sospensione, ciascuna parte avrà diritto di risolvere la vendita.

LEGGE APPLICABILE E FORO

I diritti e gli obblighi delle Parti derivanti dalla vendita saranno regolati dalla Legge italiana. Per qualsiasi contestazione resta convenuto che il foro esclusivamente competente è quello di Brescia.

PACKAGING AND QUALITY CONTROL

All components are systematically subjected to various tests. If any material does not come up to the required standard during the routine checks throughout the production process, DueGi will immediately remove it from the production line.

If production is seriously disrupted, a notice of defects regarding the material in question will be sent to the supplier. This ensures that sourced materials meet the stipulated requirements and that the customers receive products that are in Perfect condition.

AFTER SALES SUPPORT

DueGi is renowned for its after-sales service support. Wholesalers and contractors consistently choose DueGi because of its reliable service back-up. A dedicated after sales service number enables customers to speak directly to a service consultant. DueGi has also its own branch in Middle East dedicated to local customers and consultants to have advise over the phone or to book a service call to personally visit the customers.
