

IVY™ Campus Ambassador Program 2026-2027 Cohort

"We can't promise you'll get in. But we'll make sure the interview isn't the reason you don't."

What Is IVY™?

IVY™ is a comprehensive medical school interview preparation platform built by a physician, for pre-med students. Developed by Infinity IVY Consulting, IVY™ gives every applicant — regardless of budget or access to coaching — a complete, structured system to prepare for any kind of medical school interview or MMI (mini medical interview) and application.

The platform is built around proprietary frameworks developed from real evaluator experience:

- **PRISM™ Framework** — A structured approach to every kind of medical school interview question across 8+ categories
- **VARED™ Framework** — A 5-step MMI response system built by a physician who has evaluated hundreds of MMI candidates
- **Story DNA™** — Maps a student's core stories across experience categories so no question catches them off guard
- **IVY™ Competitiveness Snapshot™** — Gives students an instant, data-driven picture of their full application profile across six domains

All frameworks are validated against the national core competencies for matriculating medical students — the same framework that guides what medical schools are looking for.

What Is the IVY™ Campus Ambassador Program?

The IVY™ Campus Ambassador Program is a national student leadership initiative launching for the 2026–2027 academic year. Ambassadors are pre-med students who believe in the mission of

democratizing interview preparation — and who want to bring that mission to life on their own campuses.

As an IVY™ Campus Ambassador Fellow, you will be the bridge between IVY™ and the pre-med students at your institution. You will host events, build community, spread the word, and help your peers walk into interview season prepared — using every tool Infinity IVY Consulting provides you.

This is not a volunteer role. It is a credential, a community, and a career asset.

Ambassador Responsibilities

IVY™ Campus Ambassadors are expected to represent IVY™ with authenticity and consistency. Responsibilities fall into three pillars:

1. Spread the Word

Ambassadors actively promote IVY™ within their pre-med networks and beyond:

- Share IVY™ in pre-med clubs, pre-health organizations, and student group chats (GroupMe, Discord, WhatsApp)
- Post on personal social media platforms (Instagram, TikTok, LinkedIn, X/Twitter) about IVY™ features, tips, and your own experience using the platform
- Share IVY™ in university forums, Reddit threads, and pre-med Discord servers
- Use your ambassador referral link so every sign-up is tracked to you

2. Host Campus Events

Ambassadors lead live practice sessions for their peers. All event tools, materials, and frameworks are provided by Infinity IVY Consulting. Events include:

Mock Interview Practice Sessions

- Full traditional panel-style interview simulations using PRISM™ Framework
- Paired or small-group practice with structured feedback

MMI Speed Rounds

- Timed MMI circuits using the VARED™ Framework
- Multiple scenarios, rapid rotations, post-round debrief

Story Practice Nights

- Using the Infinity Story Bank™ method to excavate and refine personal narratives
- Help peers map their stories across 20 interview categories

INFINITY IVY
CONSULTING

Interview Anxiety Workshops

- Evidence-informed techniques to manage nerves and build confidence
- Frameworks for grounding, preparation routines, and mindset

You will never be on your own. Infinity IVY Consulting provides all event guides, slide decks, scenario banks, timing frameworks, and facilitator scripts. Your job is to show up and lead.

3. Build Community

Ambassadors are connectors. You will:

- Create or grow a pre-med interview prep community on your campus
- Invite fellow pre-med students to IVY™ and help them get started on the platform
- Collaborate with your pre-health advisor or pre-med committee to co-host events
- Connect with the broader IVY™ Ambassador network across other institutions

What You Receive as an Ambassador

	Reward	What It Means for You
★	FREE IVY™ Lifetime Access	Full, unlimited access to the entire IVY™ platform for life — every framework, every question bank, every tool. Yours to keep forever.
🏆	IVY™ Campus Ambassador Fellow Credential	An official credential you can list on your CV, resume, medical school application, and LinkedIn as IVY™ Campus Ambassador Fellow — Infinity IVY Consulting.
💰	Referral Rewards Program	Earn rewards for every student who signs up through your unique referral link. The more peers you bring in, the more you earn.
🎤	Speaker & Leadership Opportunities	Top ambassadors may be invited to present at IVY™ webinars, contribute to content, or participate in advisory input sessions.
📚	All Event Materials Provided	Slide decks, facilitator guides, scenario banks, timing frameworks, and promotional assets — everything you need to run events with confidence.
🤝	Ambassador Network Access	Join a cohort of IVY™ Ambassadors from campuses across the country. Peer support, shared resources, and a community of future physicians.

Referral Rewards Program

Every IVY™ Campus Ambassador Fellow receives a unique referral link. When a student signs up for IVY™ through your link, that sign-up is credited to you. Referral rewards are tiered and accumulate throughout your ambassador term:

Ambassador	Star Ambassador	Elite Ambassador
5–14 Referrals	15–29 Referrals	30+ Referrals
Referral reward	Increased reward + exclusive IVY™ swag	Top reward tier + featured recognition at launch

Exact reward details will be shared during ambassador onboarding. Rewards may include gift cards, IVY™ merchandise, extended benefits, or other recognition. The referral program is designed to grow with you.

Your IVY™ Campus Ambassador Fellow Credential

Upon joining the program, you will receive an official credential from Infinity IVY Consulting that you may list as:

IVY™ Campus Ambassador Fellow

Infinity IVY Consulting | 2026–2027

This credential is appropriate to list on:

- Medical school application activities section (AMCAS/AACOMAS/TMDSAS)
- Your CV or resume under Leadership or Professional Experience
- LinkedIn profile under Experience
- Scholarship and fellowship applications

Ambassadors who complete the full 2026–2027 term in good standing will receive a letter of completion from Infinity IVY Consulting acknowledging their service, referral results, and events hosted.

How the Program Works

Becoming an IVY™ Campus Ambassador is a straightforward process:

1	Apply Complete the short Ambassador interest form. Spots are limited per institution.
2	Onboarding Join a virtual onboarding session with the IVY™ team. Receive your referral link, platform access, event kits, and ambassador toolkit.
3	Launch on Campus Promote IVY™ across your networks. Post on social media. Share in your pre-med groups.
4	Host Your First Event Plan and run your first IVY™ practice event using the provided materials. Begin building your campus community.
5	Keep Going Continue hosting events, tracking referrals, and engaging your ambassador cohort throughout the academic year.
6	Complete the Term At the end of the 2026–2027 year, receive your completion letter and culminating recognition.

What We Ask of Ambassadors

We believe in transparency. Here is what the IVY™ Campus Ambassador Program involves:

- Post on social media about IVY™ at least twice per month (Instagram, TikTok, LinkedIn, etc.)
- Actively share your referral link in pre-med clubs, GroupMe, Discord, WhatsApp, and group chats
- Host a minimum of two IVY™ practice events per semester (all materials provided)
- Engage authentically — share your real experience using IVY™ with your peers
- Complete a short mid-year and end-of-year feedback survey
- Optional: Participate in a 30-minute check-in call with the IVY™ team
- Optional: Contribute a testimonial or be featured in IVY™ social content

There is no financial commitment. No cost to apply. Just genuine enthusiasm for helping your fellow pre-med students prepare.

Who Should Apply

The IVY™ Campus Ambassador Program is designed for pre-med and pre-health students who:

- Are currently enrolled at a college or university, post-bacc, or special masters program
- Are passionate about helping fellow pre-med students succeed
- Have or want to build leadership experience in the pre-med space
- Are active in pre-med clubs, student organizations, or health professions communities
- Want a meaningful, credential-worthy experience beyond shadowing and volunteering

You do not need to have interview experience yet. You do not need to be a senior or have applied to medical school. If you care about your pre-med community and want to make a difference, IVY™ was built with you in mind.

Program Timeline

Applications Open	Spring 2026 — rolling basis, limited spots per institution
Ambassador Onboarding	Within 1–2 weeks of acceptance
Fall Semester Launch	August – December 2026 — events, outreach, referrals begin
Spring Semester	January – May 2027 — continued events and community building
Public Launch of IVY™	April 2026 — Ambassadors recognized as founding cohort
End-of-Year Recognition	May/June 2027 — completion letters, referral awards, recognition
Renewal Option	Ambassadors in good standing may apply to renew for 2027–2028

Frequently Asked Questions

Is IVY™ really free for Ambassadors?

Yes. Every accepted IVY™ Campus Ambassador Fellow receives full lifetime access to the IVY™ platform at no cost. This includes all frameworks, question banks, MMI circuits, the Story Bank, the Application Suite, and every future feature added to the platform.

What does “lifetime access” mean?

Lifetime access means your account is yours permanently — not just for the duration of your ambassador term. Even after you complete the program and go on to medical school, your IVY™ access remains active.

How does the referral program work?

You receive a unique referral link during onboarding. Every time a student creates an IVY™ account through your link, the referral is credited to you. Referral totals are tracked throughout the year and correspond to tiered rewards. Detailed reward structures are shared at onboarding.

Do I need to be in a pre-med club to apply?

No. While being involved in pre-med organizations helps, it is not a requirement. Ambassadors build their own communities. You may be the person who starts something on your campus.

Can I share the Ambassador Program with a friend?

Yes — and we encourage it. If a fellow pre-med student would be a great ambassador, pass along this document or have them reach out directly. Each campus may have multiple ambassadors.

What if I have questions during the program?

The IVY™ team provides dedicated support throughout the academic year. You will have a direct point of contact and access to the ambassador cohort community.

Ready to Join the IVY™ Campus Ambassador Program?

Spots are limited. Apply today and help shape the future of medical interview preparation.
