COMPANY OVERVIEW

ABS Federal (Ample Business Services LLC) is a small business delivering data modernization, secure cloud transformation, and mission-driven analytics for federal health and civilian agencies. Founded on 25+ years of direct technology leadership across federal programs and Fortune 50 enterprises, we bring the rare combination of enterprise-scale technical depth and deep understanding of federal operating environments including HIPAA, FedRAMP, FISMA, and NIST compliance frameworks.

CORE COMPETENCIES

Data Modernization & Architecture
- Legacy database migration (mainframe, on-premise to cloud)
- Data lake and data warehouse design and implementation
- ETL/ELT pipeline development and optimization
- Master data management and enterprise data governance

Secure Cloud Transformation
- AWS and Azure cloud migration strategy and execution
- FedRAMP compliance architecture and documentation
- Infrastructure-as-Code (Terraform, CloudFormation)
- DevSecOps pipeline implementation

Analytics & AI/ML Solutions
- Predictive modeling and operational analytics
- NLP and LLM integration for document analysis
- AI governance frameworks and model validation
- HIPAA-compliant analytics platforms

Healthcare Data & Enterprise Architecture
- CMS data systems and Medicare/Medicaid analytics
- Clinical data integration (HL7, FHIR)
- Enterprise architecture (TOGAF/Zachman)
- Technology roadmap and IT governance
