Size:1.2*3M

FIVE LAYER HIGH TEMPERATURE HOT PRESSING

If you don't relax on quality, you won't be able to do it layer by layer.

WEAR-RESISTANT LAYER

(Wear-resistant and scratch-resistant to get home safely)

TEXTURE LAYER

(High-temperature pressing is waterproof and does not fade)

FOAM COTTON LAYER

(Foamed pearl cotton is elastic)

BACK ADHESIVE LAYER

(When torn, it will stick, which is sticky and does not become warped)

BASE PAPER LAYER

(Oil surface parting ensures peeling rate)

INSTALLATION STEPS

first step

Second step

Third step

Fourth step

Clean the walls and keep them dry and dust-free. Measure the size of the overall planning, so as not to take unnecessary waste. Tear off the back aluminium-foil paper. Apply pressure when both sides joint seamlessly. Suitable for cement wall, gypsum wall, iron wall, wood wall, glass wall, marble wall, ceramic wall, and painted wall.
